ACCOUNTABILITY OF FUNDS	<p>As stated in our 2017-2018 Accountability Report, OSA has a goal to manage resources effectively, prudently and with accountability. Using agency resources, we will fill this entry-level audit position to assist us in more efficiently manage the workload and remove capacity constraints which currently require us to utilize assistance from contract CPA firms.</p>
--------------------------------	---

What specific agency objective, as outlined in the agency's accountability report, does this funding request support? How would this request advance that objective? How would the use of these funds be evaluated?

RECIPIENTS OF FUNDS	State Agency Audits Division
----------------------------	------------------------------

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST	<p>This entry-level audit position will be funded from agency resources, and will allow us to evaluate if the position is effective in helping to reduce resource constraints. If our financial position changes or if the cost of the position does not provide a reasonable return, we will eliminate it by not filling a position which becomes vacant due to a separation.</p>
---------------------------------	--

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

**FORM E – AGENCY COST SAVINGS AND GENERAL FUND REDUCTION
CONTINGENCY PLAN**

TITLE	Agency Cost Savings and General Fund Reduction Contingency Plan
--------------	---

AMOUNT	\$137,150 <i>What is the General Fund 3% reduction amount (minimum based on the FY 2017-18 recurring appropriations)? This amount should correspond to the reduction spreadsheet prepared by EBO.</i>
---------------	---

ASSOCIATED FTE REDUCTIONS	NONE <i>How many FTEs would be reduced in association with this General Fund reduction?</i>
----------------------------------	--

PROGRAM/ACTIVITY IMPACT	Audits Program State Funded Program – Audits - 0500.000000.000 Commitment Item – Unclassified positions – 5010600000 - \$93,512 Commitment Item – Employer contributions – 5130000000 - \$43,638
--------------------------------	---

What programs or activities are supported by the General Funds identified?

AGENCY NAME:	SFAA-Office of the State Auditor		
AGENCY CODE:	F270	SECTION:	105

SUMMARY	<p>A 3% reduction in general funds represents approximately 25% of operating budget therefore, the agency would need to take the reduction from personal services and associated employer contributions to preserve training, technology support and other operating expenses critical to the agency.</p> <p>To support a 3% general funds reduction, the Office of the State Auditor would reclassify the Deputy State Auditor position to an entry level auditor position. The elimination of a senior management position would require the re-distribution of duties to other members of senior management, potentially creating workload constraints that would be addressed through a re-prioritization of overall duties. While service delivery timeliness and quality would be maintained, strategic initiatives important to the health and sustainability of the agency would receive little to no focus.</p>
----------------	--

Please provide a detailed summary of service delivery impact caused by a reduction in General Fund Appropriations and provide the method of calculation for anticipated reductions. Agencies should prioritize reduction in expenditures that have the least significant impact on service delivery.

AGENCY COST SAVINGS PLANS	NONE
----------------------------------	------

What measures does the agency plan to implement to reduce its costs and operating expenses by more than \$50,000? Provide a summary of the measures taken and the estimated amount of savings. How does the agency plan to repurpose the savings?
