RE: 2015 Comprehensive Permanent Improvement Plan (CPIP)

Dear Ms. Powell,

The South Carolina Department of Archives and History does not have any planned permanent improvement projects. General Services typically coordinates construction projects for the Department of Archives and History and will include any proposed projects for our building in their report. Please let me know if I may answer any questions or be of assistance.

Best regards,

W. Eric Emerson, Ph.D.  
Director and SHPO
