- i. *Service Pricing Discounts do not apply to the Unlimited Nationwide Voice Plan.

4. Tablet Plans

- a. All pricing and available MBs are the same whether Corporate-Liable Active Units use the Sprint 4G Network (if included), the Sprint 3G Network or the Nationwide Sprint Network. Sprint 3G Network coverage is not available everywhere and requires an EVDO-compatible data device. When the Sprint 3G Network is available and Customer uses a Sprint EVDO-compatible device with a wireless high speed data Business Plan, Active Units will first attempt to connect to the Sprint 3G Network, and then default to the Nationwide Sprint Network depending on coverage and network availability. When the Sprint 4G Network is available and Customer uses a Sprint 4G-compatible device with a Business Plan for Sprint 4G Services, Active Units will first attempt to connect to the Sprint 4G Network, and then default to the Sprint 3G Network or Nationwide Sprint Network depending on coverage and network availability.
- b. Data usage on the Sprint 4G Network requires a 4G capable device.
- c. Roaming is not available on the Sprint 4G Network at this time.
- d. Additional charges apply for messaging service.
- e. A one year Minimum Service Term is required if Customer receives a wireless device discount. Wireless device discounts may not be available on all devices.
- f. Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "autoresponders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 300 MB/month while Roaming for a plan equal to or greater than 5GB/month in total or 100 MB/month while Roaming for a plan less than 5 GB/month in

total, or (iii) a majority of kilobytes while Roaming; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

- g. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex as posted to as posted to the Rates and Conditions website (www.sprint.com/ratesandconditions).
- h. Unless specifically stated otherwise, wireless Products on "unlimited" Business Plans are subject to the prohibited network uses in this section. Other Business Plan options for these types of Applications are available by contacting Customer's Sprint Account Representative.
- i. Premium Services content is not available on these Business Plans.

5. Sprint Mobile Hotspot Add-ons

- a. Sprint Mobile Hotspot Add-On may be added for an additional MRC. Sprint Mobile Hotspot Add-On is only available on certain Hotspot capable wireless devices. Sprint Mobile Hotspot Add-On usage is separate from underlying plan usage.
- b. The Data Roaming limitation is 100MB or 300MB depending on the Tablet plan selected. The combined Data Roaming usage from both the device and Mobile Hotspot contributes to the Data Roaming limitation. Additional roaming usage is \$0.25 per MB.
- c. All data usage (device and Mobile Hotspot) will count against the Sprint Mobile Hotspot Add-On Data Services limitation when the Mobile Hotspot functionality is turned on.

6. Mobile Broadband Plans

- a. All pricing and available MBs are the same whether Corporate-Liable Active Units use the Sprint 3G Network or the Nationwide Sprint Network. Sprint 3G Network coverage is not available everywhere and requires an EVDO-compatible connection card. Where the Sprint 3G Network is available and an EVDO-compatible connection card is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 3G Network, and then default to the Nationwide Sprint Network depending on coverage and network availability.
- b. Sprint reserves the right to limit throughput speeds or the amount of data transferred, and to deny, terminate, modify, disconnect or suspend wireless data Service on the Sprint 3G Network and the Nationwide Sprint Network, for Customer's Wireless Data Connection Devices with data usage exceeding 5 GB/month in total, or 300 MB/month while Roaming.
- c. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex which is incorporated into this Agreement as posted to http://www.sprint.com/business/resources/ratesandterms/wireless_services_product_annex.pdf.
- d. The 3G/4G Embedded Connection Plan provides both EVDO (using CDMA technology) and Sprint 4G data functionality in certain coverage areas of the United States. Sprint 4G Network coverage is not available everywhere and requires a Sprint sold 4G Network data compatible embedded connection device. Customer may contact its Sprint Account Representative or visit www.sprint.com/coverage for current coverage areas and applicable wireless devices. Sprint reserves the right to limit the devices that can be used with this Business Plan. This Business Plan is only available to Customer Lines domiciled in the United States.
- e. The 3G/4G Embedded Connection Plan includes unlimited data usage on the Sprint 4G Network and up to 5 GB/month aggregate data usage on the Sprint 3G Network and the Nationwide Sprint Network. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible device. Where the wireless high speed data network is available and a wireless high speed data compatible device is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.
- f. Roaming is not available on the Sprint 4G Network at this time.
- g. Premium Services content is not available with this Business Plan.
- h. Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "autoresponders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage);

- (g) by a Wireless Data Connection Device in excess of: (i) 5 GB/month in total, (ii) 300 MB/month while Roaming, or (iii) a majority of kilobytes while Roaming; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.
- i. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex which is incorporated into this Agreement as posted to http://www.sprint.com/business/resources/ratesandterms/wireless_services_product_annex.pdf.
- j. **Simple Data Link Connectivity.**
- i. The Sprint Data Link option provides Customer simple Data Link connectivity via IPVPN, MPLS or Sprint Link Frame Relay (SLFR). A one-time Data Link network connectivity fee of \$500 will apply to new Data Link customers. In addition to the charges set forth in the Business Plan, Sprint will charge Customer a \$10 MRC for Sprint Data Link connectivity on 4G single-mode devices.
- k. **SHRA/NAT Add-On to Sprint Data Link.**
- i. This add-on is for Data Link customers utilizing one or both of the Sprint value-added services listed. There is no additional one-time charge of \$500 when SHRA and/or NAT are added. In addition to the SHRA/NAT Premium Add-on MRC in the table, Sprint will charge Customer a \$10 MRC premium for Sprint Data Link connectivity on 4G single-mode devices.
- l. **Sprint Hosted RADIUS Authentication (SHRA)**
- i. SHRA provides customers with a hosted username and password management solution for their wireless users/devices.
- m. **Network Address Translation (NAT)**
- i. NAT is a technique of translating network traffic through a router that involves re-writing the source and/or destination.
- n. **IP Addresses.** Dynamic IP address assignment is the default method currently in use by the Sprint Data Link solution. Sprint will not charge Customer MRCs for Sprint-provided dynamic IP addresses or Customer-provided IP addresses.
- i. Data Link can also support customer specific dynamic and static IP address assignments that comply with "RFC 1918 - Address Allocation for Private Internets."
1. Supported IP Address Range – 10.X.X.X and 192.168. X.X.
 2. Unsupported IP Address Range - 172.16.X
- ii. Non-Recurring Charges. Sprint will charge Customer \$250 as a non-recurring charge for setup costs. These non-recurring charges apply to Customer-specific dynamic and static IP address assignments.
- o. **Implementation Options.** Customer selects one of the following implementation options for Sprint Data Link (must select one):
1. Option 1 - Sprint Data Link via IP VPN
 2. Option 2 - Sprint Data Link via SprintLink Frame Relay
 3. Option 3 - Sprint Data Link via MPLS VPN
- p. **Additional Terms.** Customer must comply with the Sprint Data Link Product Annex, which is incorporated into this Agreement as posted to the Rates and Conditions website (www.sprint.com/ratesandconditions)
- 7. Machine-to-Machine/Telemetry Attachment ("Attachment")**
