

Reporting

**Budget Advisory Group
April 2023**

Reporting Tools

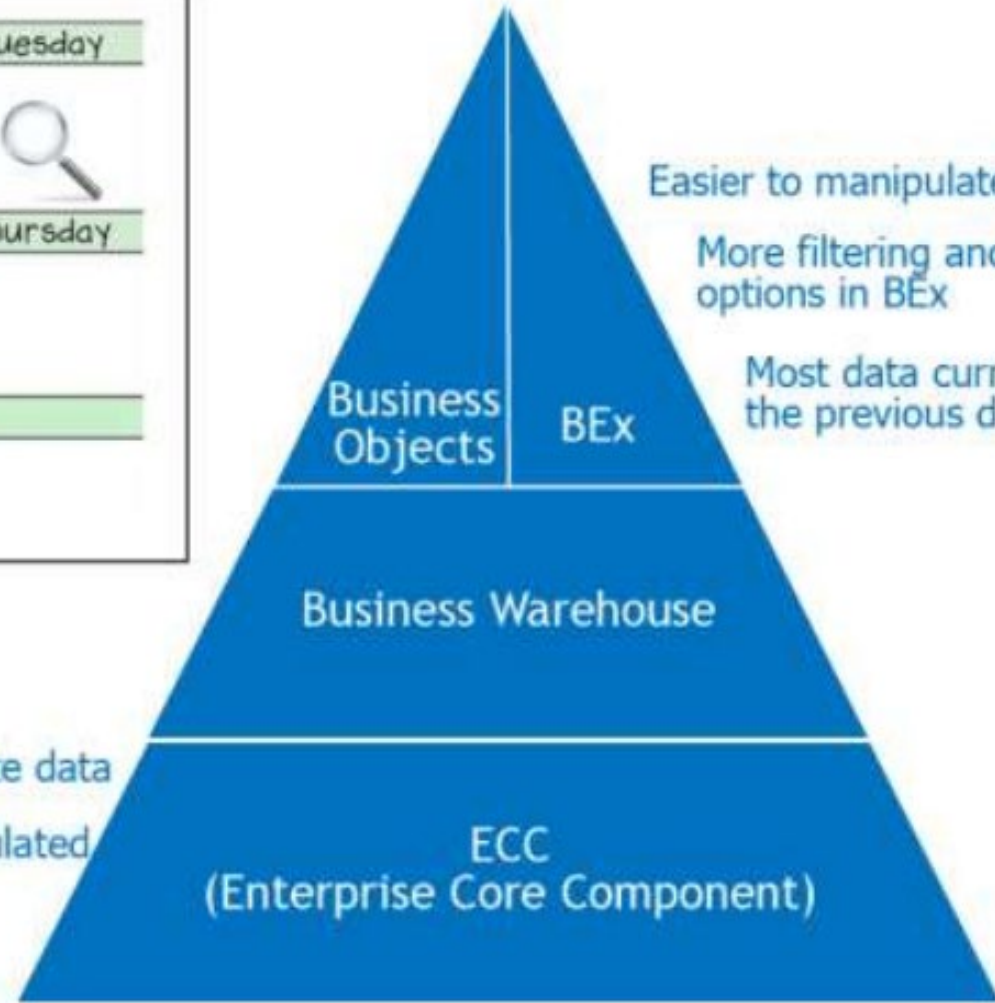

SCEIS reports are available to help agencies view and analyze data.

SCEIS reports can be found in

- Enterprise Central Component (ECC)
- BEx/Business Warehouse (BEx/BW)
- Business Objects (BOBJ)

[Reporting » South Carolina Enterprise Information System \(sc.gov\)](#)

Monday	Tuesday
COB	
Wednesday	Thursday
Friday	

Easier to manipulate
 More filtering and formatting options in BEx
 Most data current as of the previous day

Up-to-the-minute data
 Not easily manipulated

SCES

ECC Reporting Data

- Transaction-based.
- "Real time" data.
- Application/Lesson specific.
- Real time/Short-term trend analysis.
- Simple list and inquiry, fixed/stable format.
- Operational reporting (example: Master Data Exceptions).
- Some or no manipulation of report outputs/results.
- Hundreds of standard reports provided by SAP.
- Detail down to the line item.

BW Reporting Data

- Summarized data.
- Data loads at scheduled intervals.
- Cross applications/Lessons.
- Historical trend analysis.
- Interactive analysis (drilldown/slice and dice).
- Managerial reporting supporting KPIs.
- Report output manipulation.
- Data refresh (daily, weekly and/or monthly).

What Reports Should I Use?
