	Office of the Adjutant General – Armory Operations – Armory Revitalizations
--	---

**RECIPIENTS OF FUNDS**

These funds would be disbursed in support of Armory Revitalization projects in accordance with the processes and procedures as outlined in the State Procurement Code.

*What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?*

**JUSTIFICATION OF REQUEST**

The Office of the Adjutant General requests an increase of \$2.8M in Recurring appropriations beginning in State Fiscal Year 2025-2026 to support Armory Revitalizations.

The costs of construction have increased and are projected to reach a total 30% increase by FY25 as compared to FY 21 average costs. The Agency is currently appropriated \$2.55 million of Recurring Operating funds for Armory Revitalizations. This request, along with the realignment of funds as requested in the Agency Priority #1, would raise the recurring Armory Renovations budget to \$5.8M. With this recurring funding, the Agency will be able to more efficiently address current and on-going facility revitalizations.

The Agency's 62 Readiness Centers are an average of over 42 years old, with several have exceeded their service life, and have the issues which occur with aging structures (structural, electrical, plumbing, compliance with ADA and other codes, etc.). In response, the Agency's continues to execute a multi-year phased program that revitalizes approx. two Readiness Centers each year, and implements planning and design for the revitalizing the following two Readiness Centers. The total revitalization process for each Readiness Center takes approx. 3 years from design through completion of construction, and the costs are currently averaging \$6M per Readiness Center. The Agency has completed 6 of its Readiness Centers, and has 4 others under construction or in the design process.

Previously, the Agency attempted to address the issue through annual requests for Non-Recurring Capital Project Funds. Although this was fairly successful in the past, the unpredictability of the Non-Recurring funds places at risk the Agency's ability to coordinate Federal matching funds.

Having access to recurring, predictable funding will enhance the Office of the Adjutant General's ability to gain Federal matching dollars from the National Guard Bureau for the planned Armory Revitalization projects. If available and allocated, Federal matching dollars can provide a 50/50 cost share of the projects' expenses up to the limits of the State and/or Federal dollars.

Failure to provide funding for the Armory Revitalization projects will further increase the timeliness to address major maintenance issues at Readiness Centers across the State. Readiness Centers are the hub of State, Community, and Soldier readiness, and provide a safe environment and facility to support mobilizations, Soldier training, Defense Support to Civilian Authorities, community needs, and many more public support functions.

The readiness of South Carolina, the local communities, and the Soldiers and equipment of the South Carolina National Guard is negatively impacted by the current conditions of many of the facilities.

Completion of the planned, on-going Armory Revitalization projects is expected to systematically extend the useful lives of the Agency's existing Readiness Centers by another 20 years.

*Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.*

**FUNDS**

*What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?*

**JUSTIFICATION OF REQUEST**

The Office of the Adjutant General requests an increased allocation of \$56K in recurring funding to continue its support the South Carolina Law Enforcement Assistance Program (SC LEAP).

As a part of the FY 2017-18 Budget Bill, the Office of the Adjutant General was allocated \$64,500 in recurring Other Personnel Expenses funds to support the Agency’s annual shared cost of the SC LEAP. By FY24, the Agency yearly cost share has risen 56% to \$100,372, and is projected to be at least \$103,500 in FY 25 based on the approved statewide employee pay increase.

SCLEAP provides a 24-hour service to South Carolina Law Enforcement agencies statewide. The five participating Agencies include South Carolina Law Enforcement Division, South Carolina Department of Natural Resources, South Carolina Department of Public Safety, South Carolina Department of Probation, Parole, and Pardon Service, and the Office of the Adjutant General. The program is managed by SLED and each Agency is responsible for 1/5 of the salaries.

SCLEAP programs and services include:

- Critical Incident Stress Management Training
- Post Critical Incident Seminar
- Alcohol rehabilitation services
- Suicide intervention and prevention training
- Post Deployment Programs

The Agency can no longer continue to self-fund the increases in program support without decrementing other critical programs. Failure to provide the funding would result in a reduction in the multi-agency program’s ability to meet the statewide mental health needs of the law enforcement and Military Department personnel in the State.

The Agency does not have the existing funding to address this need.

*Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.*

**FUNDS**

*What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?*

**JUSTIFICATION OF REQUEST**

The Office of the Adjutant General requests recurring funding to support annual subscription service for approximately 500 Microsoft 365 licenses through the established state contract.

The State Guard has geographically dispersed members that need to conduct virtual Teams meetings, share documents and files in real time, and retain documents for future use. It is critical that the State Guard conduct administrative, operational, and logistical functions to maintain and improve unit readiness in order to support State Guard operations and the citizens of South Carolina

This request is 100% State funding.

Failure to provide the funding would result in the State Guard being hindered in their ability to maintain email communications and document retention as well as conduct Teams meetings to include weekly staff planning sessions.

*Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.*

**JUSTIFICATION OF REQUEST**

The Office of the Adjutant General requests an increased allocation of \$54K in recurring funding to support an increase of approx. 15% for the employees of the South Carolina Military Museum.

In order for SC Military Museum to remain competitive and continue the growth experienced over the past few fiscal years, the Museum must be able to attract, hire, and retain talented staff. The current salary budget does not provide room for this flexibility.

Based on an analysis of comparable positions across other state agencies, Military Museum staff salaries are 16-32% below the salaries of positions at similar state agencies. The Museum staff are all below the midpoint of their respective pay bands salary ranges.

This request will provide the flexibility for the Military Museum to retain qualified curatorial staff in a highly competitive job market by providing both performance-based salary increases and enhance the Museum’s ability to offer competitive starting salaries during the hiring process.

**JUSTIFICATION OF REQUEST**

The Office of the Adjutant General requests an increase of \$510K in Recurring appropriations beginning in State Fiscal Year (FY) 2025-2026 to support an increase in IT network costs to provide wireless internet in National Guard Armories and other key facilities.

The Office of the Adjutant General intends to install a State wireless network in each of the SC National Guard Armories and other key facilities in the State. The 62 armories are located in 38 counties across the State.

The network would provide State (non-Federal) wireless access for the members of the unit in support of their training and readiness. A significant amount of individual training and readiness requirements have moved to cloud-based systems which the individual Service Members complete on-line. These requirements include Security and Anti-Terrorism training, medical readiness updates, cyber security training and certifications, etc.

SC National Guard facilities currently do not have civilian wireless networks. Per DoD INSTRUCTION 8420.01 (Commercial Wireless Local Area Network (WLAN) Devices, Systems, and Technologies), unclassified wireless networks must be isolated from the DODIN-A network using a wireless DMZ with intrusion detection and prevention capabilities. Additionally, V-3515 from the Wireless LAN Security Technical Implementation Guide (STIG) enforces AES-CCMP encryption and strict authentication controls, while V-251372 from the Network Infrastructure Policy STIG mandates network segmentation to prevent unauthorized access. These policies prohibit routing civilian wireless networks on DODIN-A, and blocks any non-STIG-compliant devices from accessing the Federal network. Because of these security requirements, wireless networks on DODIN-A are highly restricted, and only allowed under strict compliance with Defense Information Systems Agency (DISA) STIGs and other DoD cybersecurity policies.

Failure to provide funding would continue to impact the ability of non-full time Service members being able to complete training and readiness requirements during their monthly Drills. The readiness of South Carolina and the Soldiers is currently negatively impacted by shortfall.

**The Agency does not have adequate existing funding to address this need.**

*Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.*

Office of the Adjutant General – Employee Benefits – Employer Contributions (\$94,500)

*What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?*

**JUSTIFICATION OF REQUEST**

The Office of the Adjutant General requests the allocation of three (3) FTE positions and the funding to support establishing three Network Administrator (AM72) positions in the Information Technology (IT) Section.

The Office of the Adjutant General intends to install a State wireless network in each of the SC National Guard Armories and other key facilities in the State. The 62 armories are located in 38 counties across the State.

The three new positions would provide the IT personnel necessary to establish, support and maintain these new sites. These personnel would provide the technical expertise to:

- Trouble shoot and resolve network problems
- Maintain the network infrastructure to include wireless access, cabling, switches, routers, etc.
- Provide preventative and technical action recommendations and assist in network support
- Document information for network systems, changes and procedures.
- Perform system planning, design and evaluations
- Maintain records of equipment and replacement plan

Failure to provide funding would negatively impact the ability of the Agency to implement and maintain a wireless IT infrastructure in its armories and other key facilities, and would continue to impact the ability of non-full time Service members being able to complete training and readiness requirements during their monthly Drills.

*Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.*

**JUSTIFICATION  
OF REQUEST**

The Office of the Adjutant General requests non-recurring State funding in the amount of \$4.2M to execute an two-year extension of the current State PPE Stockpile storage and management contract in order to allow the Department to upgrade its current storage facility in Winnsboro to meet the requirements necessary for the storage of medical grade materials.

In 2020 during the COVID-19 pandemic, SCEMD was tasked with maintaining a State PPE stockpile to support healthcare facilities and emergency service providers. The requirement to store and manage medical grade supplies exceeds both SCEMD and the Agency's warehouse capabilities, and necessitated developing an external PPE storage and management solution. The State (SCEMD) conducted a competitive bid, and entered into a five-year contract for the storage and management of the State PPE Stockpile.

The SC Senate PPE Select Committee and SC healthcare officials have requested that SCEMD maintain a State PPE stockpile indefinitely. However, the current PPE storage and management contract will end in October 2025.

In an effort to reduce the long-term costs, SCEMD is also requesting non-recurring, capital funding (\$2.7M) to allow the renovation of its existing warehouse in Winnsboro, SC in order to meet the requirements for storage of medial grade materials. This would allow SCEMD to consolidate the storage requirements into its existing warehouse. In order to provide time for the required upgrades, SCEMD need to request a two-year extension of the current storage and management contract.

Neither SCEMD nor the Agency has adequate or available storage facilities that meet the requirement for long-term storage of medical grade materials.

*Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.*

**JUSTIFICATION  
OF REQUEST**

The Office of the Adjutant General requests non-recurring State funding in the amount of \$1.7M to purchase new PPE to replace expiring PPE in the State PPE Stockpile. The PPE currently in the State PPE Stockpile was purchased in 2020 and its manufacturer's shelf life will expire in 2025. Purchases will need to begin NLT August 2025.

The purchased PPE will be used to maintain a 60-day contingency stockpile of N95 respirators, surgical gloves, surgical masks, face shields and protective gowns which are available for distribution in the event of a major medical PPE shortage. Because of the five-year PPE manufacturer shelf life, the stocks projected to be purchased in 2025 will need to be replaced again in August 2030.

Failure to provide the requested funding will result in all the PPE currently in the State Stockpile passing its useful shelf life by the end of 2025.

*Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.*

----------------------------	---

*What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon*

**JUSTIFICATION  
OF REQUEST**

The Office of the Adjutant General requests non-recurring State funding of \$1M to provide the 10% State Share for an additional \$9M in Federal funds as part of the STORM Act.

In FY 24, FEMA provided the State \$5,816,667 in STORM Act Federal capitalization grant funding which was matched by the State with \$646,296 through the State Office of Resilience's existing funding.

In September 2024, FEMA notified SCEMD that the State was selected to receive an additional \$9M in STORM Act funding. These additional funds will require the State to provide \$1M (10%) in State match funds in order to accept the Federal grant funding.

South Carolina Emergency Management Division (SCEMD) will transfer the funds to the SCSTRLF which provides low-interest loans to local government entities for qualifying mitigation projects to reduce future hazard risks from natural hazards and disasters. These projects include mitigation projects and activities to increase resilience and mitigate the impacts of events such as drought, extreme heat, severe storms, wildfires, floods and earthquakes. SCEMD coordinates with the SC Office of Resilience on an ongoing basis to make sure revolving loan fund and mitigation grant programs are implemented to avoid duplication and maximize positive impacts for SC communities.

Once the entities repay the loans, the SCSTRLF would use the repaid funds to provide additional loans.

Failure to provide the funding would result in the State not being eligible to receive additional STORM Act Federal funding which will negatively impact the ability of local government entities to conduct mitigation projects focused on reducing future hazard risks from natural hazards and disasters.

**FUNDS**

*What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?*

**JUSTIFICATION  
OF REQUEST**

The Office of the Adjutant General requests non-recurring State funding in the amount of \$9M establish a SC Public Assistance Program to support disaster recovery in SC communities that experience localized hazard events that cause severe damage but that do not meet thresholds/criteria for a Federal disaster declaration. This Program will allow the State (SCEMD) to reimburse eligible entities for unbudgeted response costs and costs to repair damaged public infrastructure.

SCEMD proposes to establish a State managed PA Program to address emergencies that fail to meet SC's threshold. For a Federal PA declaration, the State and affected county(s) must meet both the State threshold and the affected county's threshold (current State threshold is \$9,417,902). Often county(s) meet their threshold, but the State does not meet the State's threshold. Recent examples include the December 2023 Coastal Storm (Georgetown County); January 2024 Bamberg Tornado; April 2024 Rock Hill Hail and Windstorm; and June 2024 Severe Weather (Berkeley and Dorchester County).

This program will assist counties and local governmental entities so communities can quickly recover from emergencies. State Agencies and non-profit organizations will not be eligible to receive reimbursement under this program. Cost eligibility and process for reimbursement will follow the guidelines and process used by SCEMD for the administration of the Federal PA program. Cost reimbursement by the Program will be for 75% for eligible costs.

*Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.*

----------------------------	---

*What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?*

The Office of the Adjutant General requests \$1,963,800 in Non-Recurring appropriations in State Fiscal Year (FY) 2025-2026 to support the purchase and installation of the of State (non-Federal) wireless internet in National Guard Armories and other key facilities in the State.

The Office of the Adjutant General intends to install a State wireless network in each of the SC National Guard Armories and other key facilities in the State. The 62 armories are located in 38 counties across the State.

The funds would support the costs for the following:

- Switches \$ 1,020,000.00
  
- Firewalls \$ 330,000.00
  
- Cables \$ 12,000.00
  
- Connectors \$ 1,800.00
  
- Cages \$ 36,000.00
  
- UPS \$ 84,000.00
  
- Installation \$ 480,000.00

Total \$ 1,963,800.00

The network would provide State (non-Federal) wireless access for the members of the unit in support of their training and readiness. A significant amount of individual training and readiness requirements have moved to cloud-based systems which the individual Service Members complete on-line. These requirements include Security and Anti-Terrorism training, medical readiness updates, cyber security training and certifications, etc.

SC National Guard facilities currently do not have civilian wireless networks. Per DoD INSTRUCTION 8420.01 (Commercial Wireless Local Area Network (WLAN) Devices, Systems, and Technologies), unclassified wireless networks must be isolated from the DODIN-A network using a wireless DMZ with intrusion detection and prevention capabilities. Additionally, V-3515 from the Wireless LAN Security Technical Implementation Guide (STIG) enforces AES-CCMP encryption and strict authentication controls, while V-251372 from the Network Infrastructure Policy STIG mandates network segmentation to prevent unauthorized access. These policies prohibit routing civilian wireless networks on DODIN-A, and blocks any non-STIG-compliant devices from accessing the Federal network. Because of these security requirements, wireless networks on DODIN-A are highly restricted, and only allowed under strict compliance with Defense Information Systems Agency (DISA) STIGs and other DoD cybersecurity policies.

Failure to provide funding would continue to impact the ability of non-full time Service members being able to complete training and readiness requirements during their monthly Drills. The readiness of South Carolina and the Soldiers is currently negatively impacted by shortfall. The Agency does not have adequate existing funding to address this need.

What is the agency's expectation with regard to additional annual costs or savings associated with this capital improvement? What source of funds will be impacted by those costs or savings? What is the expected useful life of the capital improvement?*

	<p>The Office of the Adjutant General requests State funding in the amount of \$2,700,000 to fund renovations and upgrading of a 20,000 square feet portion of the of existing SCEMD warehouse located in Winnsboro, SC. This will allow SCEMD to store the State's Personal Protective Equipment (PPE) Stockpile in a climate-controlled environment that meets the requirement for storage of medical grade materials.</p> <p>The State's PPE Stockpile is current located in a non-State owned, commercial facility located in Prosperity, and is managed through a multi-year storage and management contract which will expire in October 2025. SCEMD is also requesting funding for a two-year extension to the current contract to allow time for the renovation and upgrade.</p> <p>Estimated costs:</p> <table style="width: 100%; border: none;"> <tr> <td style="padding-left: 40px;">Roof replacement</td> <td style="text-align: right;">\$655,000</td> </tr> </table>	Roof replacement	\$655,000
Roof replacement	\$655,000		

## SUMMARY

Warehouse construction	\$349,700
Racks	\$137,000
HVAC	\$259,000
Fire suppression	\$167,000
Fire alarm	\$133,000
Security system	\$250,000
Overhead and Profit	\$195,000
Contingency	\$195,000
Engineering Fees	\$280,860
Third party inspection	<u>\$78,440</u>
<b>Total Estimated Cost</b>	<b>\$2,700,000</b>

SCEMD will task existing state employees to manage the facility's day-to-day activities and will contract facility maintenance support as required. During emergencies SCEMD will utilize existing short-term staffing contracts to increase personnel support to manage stockpile operations.

There are no other known Department, Agency or State-owned warehousing facilities that meet the medical materials storage requirements that is available to accommodate this need. This investment will eliminate the need to continue paying a contractor to store and manage the State PPE Stockpile

What is the agency's expectation with regard to additional annual costs or savings associated with this capital improvement? What source of funds will be impacted by those costs or savings? What is the expected useful life of the capital improvement?*

<b>LONG-TERM PLANNING AND SUSTAINABILITY</b>	<p>The Office of the Adjutant General requests State funding in the amount of \$185K to fund the purchase of 4.8 acres of land located at 387 Bettis Academy Road, Graniteville, SC 29829 in Aiken County (County Tax Map # 048-00-02-005) which is adjacent to the existing Graniteville Armory.</p> <p>The property currently belongs to the SC Forestry Commission and is listed on the State Surplus Property listing. The property was appraised for a value of \$185,000.</p> <p>The property is adjacent to the Graniteville Armory and is utilized by the Unit to conduct local area unit and individual training. Local land development is encroaching on the perimeter of existing National Guard and SC Forestry properties. This project would mitigate and minimize continuing encroachment, and provide continued use of easily accessible training area for the unit.</p>
--	---

There are no other suitable alternatives available to accommodate this need.

Failure to provide funding will result in encroachment on the existing National Guard property and limit the local training abilities of the Unit.

<b>SUMMARY &amp; EXPLANATION</b>	<p>Expiring or expired PPE cannot be sold, and currently the State/Agency has to pay the cost of additional storage, transportation and/or destruction of PPE categorized as "junk" by State Surplus. SCEMD request the authority to donate PPE categorized as "junk" by State Surplus to non-profit organizations designated as 501(c)(3) tax-exempt.</p> <p>Donating the "junk" PPE to a 501 (c)(3) Organization would mitigate the State from incurring these costs.</p>
----------------------------------	---

*Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.*

**FISCAL IMPACT**

Estimated cost savings of approx. \$182,000.

Cost estimate takes into account transportation, labor, material handling equipment, and operators; does not take into account widely varying environmental fees, delays for inclement weather conditions, and extended time on station at landfills based on normal through-put from other Agencies and general public.

This translates to an average of approx. \$170.00 per pallet for an estimated 1,075 pallets of expired PPE.

Second course of action is a no-cost option to the State by donating excess PPE to a 501c3 for items to be re-purposed. SCEMD has been contacted by one such organization, MATTER 360 (501c3), with the offer to pickup.

*Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.*

**PROPOSED  
PROVISO TEXT**

100.17. (ADJ: PPE Stockpile) The Emergency Management Division shall be permitted to rotate and replace the State's personal protective equipment stockpile, housed pursuant to a state contract. This may include the rotation of like-kind stock owned by participating entities, both public and private, in order to minimize the cost of maintaining a personal protective equipment stockpile for the State and to ensure the useful life of the State's personal protective equipment stockpile. **In the event excess or expired PPE cannot be sold and is classified as "junk" by State Surplus, SCEMD may donate this material to non-profit organizations designated as 501(c)(3) organizations for non-medical use.**

<b>SUMMARY &amp; EXPLANATION</b>	<p>SCEMD proposes to establish the SC Public Assistance (PA) Program to support disaster recovery in SC communities that experience localized hazard events that cause severe damage but that do not meet thresholds/criteria for a Federal Disaster Declaration For a Federal PA declaration, the State and affected county(s) must meet both the State threshold and the affected county’s threshold (current State threshold is \$9,417,902). Often county(s) meet their threshold, but the State does not meet the State threshold. Recent examples include the December 2023 Coastal Storm (Georgetown County); January 2024 Bamberg Tornado; April 2024 Rock Hill Hail and Windstorm; and June 2024 Severe Weather (Dorchester County).</p> <p>This program will assist county and local governmental entities so communities can quickly recover from emergencies. State Agencies and non-profit organizations will not be eligible to receive reimbursement under this program. Cost eligibility and process for reimbursement will follow the guidelines and process used by SCEMD for the administration of the Federal PA program. All eligible damages occurring within the county must meet or exceed the county’s FEMA PA threshold for the county and its local governmental entities to be eligible for this program. Cost reimbursement by the Program will be 75% of eligible costs. Counties and local governmental entities will be required to submit a reimbursement application with supporting documents to the SCEMD for review and approval.</p> <p>SCEMD will coordinate with the SC Office of Resilience on an ongoing basis to ensure recovery assistance funds are implemented to avoid duplication and maximize positive impacts for SC communities.</p>

----------------------------------	---

*What programs or activities are supported by the General Funds identified?*

<b>SUMMARY</b>	<ul style="list-style-type: none"> <li>Armory Operations – The budget reduction of would negatively affect and exasperate the already poor statewide maintenance levels of Armories (Readiness Centers) across the State. This reduction would have a negative effect on the overall operational capability and personnel retention of the Army National Guard units located at the affected locations. Reduced maintenance would also negatively the National Guard’s ability to provide a flexible response to state-level emergencies and disasters.</li> <li>McEntire ANG Base Facility Maintenance – The budget reduction would negatively affect maintenance of facilities at McEntire ANG Base. This reduction would have a negative effect on the overall operational capability and personnel retention of both the Air National Guard and the Army National Guard units located at the Base. In addition, reductions would have a negative effect on the overall national security as the 169<sup>th</sup> Fighter Wing, stationed at McEntire ANG Base, provides continual support of the Aerospace Control Alert Mission, defending east coast air space in support of North American Aerospace Defense Command (NORAD).</li> <li>State Guard – The budget reduction would result in reduced training with a resulting lack of participation in the event of a state emergency. The State Guard is currently conducting training in new support mission areas in order to meet the needs of other State Agencies to address their emergency response shortfalls. Cuts in the training would result in reduced capability to assist other State Agencies in the event of a disaster or emergency, as well as having a negative impact on the morale and overall mission capability of the State Guard.</li> </ul> <p>There is no priority in the reduction of expenses by the Agency. The Agency will make reductions in the budget of all three of the Departments, as well as other areas as necessary, to meet cuts to the Agency’s budget.</p>
