AGENCY'S DISCUSSION AND ANALYSIS

FY 2024-25 ACCOMPLISHMENTS AND MILESTONES

During fiscal year (FY) 2024-25, the South Carolina Department of Administration (Admin) furthered its mission through collaboration, innovation, centralization of services, enhanced security across state systems, improved service delivery, enriched statewide training and support of the executive branch.

Provide Exceptional Leadership for Statewide Initiatives

Provide leadership and guidance to others in the Executive Branch and deliver statewide projects assigned to Admin by the General Assembly or the Governor.

- Governor McMaster established a working group comprising employees from the South Carolina State Treasurer's Office (STO), South Carolina Comptroller General's Office (CGO), South Carolina Office of the State Auditor (OSA), Attorney General's Office, the Governor's Office and Admin. The working group — coordinated by Admin — analyzed the 2022 ACFR restatement, analyzed the existence, purpose and intended destination of the \$1.8 billion, collected and organized information and documentation and enhanced processes and collaboration among agencies involved in overseeing state financial activity. From April to August 2024, this group met 14 times. In addition to the full working group meetings, multiple individual and cross-agency meetings occurred.

Through this dedicated and collaborative approach, the working group created a centralized location for various bank and investment statements, cash reconciliations, cash comparisons and other related documents; created a platform that allows for direct access to thousands of entries related to the conversion from legacy systems to the state's current South Carolina Enterprise Information System (SCEIS); recreated reconciliations of ending cash balances in legacy systems and matching them to conversion amounts in SCEIS; documented the relationship between agencies, treasury and ACFR funds; and created an environment to test and analyze potential changes in SCEIS before making them.

In accordance with Proviso 93.19 of the FY 2024-2025 South Carolina Appropriations Act, Admin engaged an experienced independent firm to conduct a forensic accounting review of all cash and investments held in the State Treasury. Using a competitive procurement process, a panel consisting of representatives from Admin, the South Carolina Attorney General's Office and the OSA reviewed proposals leading to an award to AlixPartners LLP (AlixPartners) June 17, 2024, and AlixPartners began work July 18, 2024. From July through December 2024,

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

AlixPartners held 43 meetings with the STO, CGO, OSA and Admin. During this time, the firm received more than 23,000 documents in response to 175 submitted data and technical requests (80 to Admin, 64 to CGO, 26 to STO and five to OSA) received more than 23,000 documents in response. The engagement with AlixPartners and the firm's findings, also led to many briefings with legislative leaders to include public testimony before the Senate Finance Committee (Jan. 21, 2025), Senate Finance Constitutional Subcommittee (Feb. 18 and March 11, 2025) and House Ways and Means Constitutional Subcommittee (Jan. 16, 2025).

AlixPartners released its final report, State Treasury Forensic Accounting Review Final Report, Jan. 15, 2025, detailing the firm's analysis and investigation, as well as their findings and recommendations as required by the proviso.

- In accordance with the General's Assembly's joint resolution S.253, Admin engaged an independent compliance consultant to assess and oversee compliance with certain recommendations resulting from a State Forensic Accounting Report and an assessment of the state's Annual Comprehensive Financial Report (ACFR) development process. Effective April 15, 2025, the compliance consultant began re-reviewing the recommendations in both reports, ensuring clarity and proposing procedures based on these recommendations while seeking efficiencies in overlapping or similar recommendations. As of September 2025, there have been 134 meetings held as part of the effort to comply with report recommendations. Admin will continue its dedicated and collaborative approach alongside the State Treasurer's Office, Comptroller General's Office, the Office of the State Auditor and other partners to implement recommendations from the reports and assist agency partners as they work with the compliance consultant.

- In accordance with Proviso 118.22 of the FY 2023-24 Appropriations Act, Admin continued the relocation of agencies located on Bull Street in Columbia. The state's health campus, located at the I-77 and I-26 interchange, houses the South Carolina Department of Public Health (DPH) and South Carolina Department of Behavioral Health and Developmental Disabilities (BHDD), which includes the Office of Intellectual and Developmental Disabilities, Office of Mental Health and Office of Substance Use Services. DPH moved on-site beginning in early March, with the rest of the agency joining in May. DPH's Division of Vital Records finalized their relocation at the end of June, completing the agency's move to the health campus. BHDD moved to the location beginning April 21 with the Office of Intellectual and

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

Developmental Disabilities, followed by the Office of Substance Use Services April 24 and concluding with the Office of Mental Health in mid-May. In addition to effectuating the physical relocation of the agencies, Admin worked with and continues to work with each agency and office to identify and establish the appropriate infrastructure needed including information technology, human resources, facilities and SCEIS requirements.

- Pursuant to Proviso 71.6 of the FY 2025 General Appropriations Act, Admin moved the Office of Small and Minority Business from Admin to the Commission for Minority Affairs (CMA). To achieve this transfer, Admin and CMA took steps to move the budget, personnel and assets from Admin to the CMA and update the budget structure for both agencies to reflect the change. The Commission for Minority Affairs was renamed “State Commission for Community Advancement and Engagement” pursuant to Act 56 of 2025 and the restructuring, to include the Office of Small and Minority Business, was complete in November 2024.
- To enable South Carolina First Steps (First Steps) to operate independently from the South Carolina Department of Education (SCDE), Admin collaborated with First Steps to configure the new agency master data in the South Carolina Enterprise Information System (SCEIS) system. This included creating finance and treasury master data, a procurement organizational structure and human resources/payroll organizational structure. In accordance with Proviso 1.109 of the FY 2025 General Appropriations Act, Admin successfully migrated the First Steps business functions in SCEIS to a new business area (H620), enabling First Steps to fully operate independently of the SCDE.
- The Robert Smalls Monument Commission (Commission), created by Act 183 of the 2024 South Carolina Legislature, is charged with recommending the design of the monument enduring historical significance to Robert Smalls and its location on the State House grounds. In its Jan. 8, 2025, meeting, the Commission selected Basil Watson as the artist to propose to the State House Committee, per the requirements set forth in Act 183 of 2024. The Commission also selected a location for consideration of the Robert Smalls Monument and proposed text to be displayed on side panels of the monument pedestal. The Commission reported the proposed design and location of the monument to the State House Committee Jan. 15, 2025. The State House Committee met May 8, 2025, and approved the recommendations of the Robert Smalls Monument Commission. Per the process established in Act

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

183 of 2024, it will then go to the General Assembly for concurrent resolution. Admin continues to support the Commission with communications (e.g., website), preparation and maintenance of financial records and serves as the chair of the Commission.

- Hurricane Helene devastated South Carolina beginning Sept. 25, 2024. This major disaster led to 28 counties and the Catawba Indian Nation declared eligible for federal disaster assistance. Admin's Emergency Support Function (ESF-2) team and other Admin areas, alongside the South Carolina Emergency Management Division (SCEMD), immediately went into action at the State Emergency Operations Center to maintain and operate the state's emergency communication infrastructure.

Additionally — and on behalf of Governor McMaster — Admin, working with the South Carolina Office of Resilience (SCOR) and the SCEMD, organized seven TeamSC County Day events across the state to assist South Carolinians affected by the hurricane. These events brought together, in one location, state and federal agencies and nonprofits to provide residents affected by Hurricane Helene with a one-stop opportunity to learn about relief resources available. Admin also secured donated goods (e.g. food, water and diapers) to provide to residents.

Counties served through the events included Pickens, Abbeville, Aiken, Allendale, Anderson, Bamberg, Barnwell, Cherokee, Edgefield, Greenville, Greenwood, Laurens, McCormick, Newberry, Oconee, Pickens, Saluda, Spartanburg and Union. Over 470 state agency representatives and over 35 nonprofit organization representatives participated throughout TeamSC County Days. Over the course of the seven events, over 3,700 citizens were served and a total of 758 grills, 900 charcoal bags, 3,557 cases of water, 3,374 food boxes, 300 tarps and 616 diaper packs were donated by SCEMD, Weber, Feeding the Carolinas (Second Harvest Metrolina, Harvest Hope, Golden Harvest and Lowcountry Food Bank), Power in Changing, SC Retail Association/Sam's Club and United for Baby and distributed.

- Proviso 93.22 of the FY 2024-25 General Appropriations Act required Admin to produce a cost analysis study related to the burying of the powerlines and associated infrastructure improvements on the State House Complex. Following a selection process, a vendor was hired to perform the study. In addition to the analysis of the burial of the power lines, the study considered aesthetics on and around the State House Complex. The study was completed in June 2025 and

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

presented to Governor McMaster in August 2025. The report was submitted to the Chairman of the House Ways and Means Committee and Chairman of the Senate Finance Committee in September 2025.

- Effective April 28, 2025, Governor McMaster signed a state law that established the South Carolina Department of Behavioral Health and Developmental Disabilities (BHDD). This new cabinet agency comprises the Office of Intellectual and Developmental Disabilities (formerly the Department of Disabilities and Special Needs), the Office of Mental Health (formerly the Department of Mental Health) and the Office of Substance Use Services (formerly the Department of Alcohol and Other Drug Abuse Services). Consistent with Act 3 and authorization and instructions from Governor McMaster, Admin began conducting a comprehensive review and analysis of BHDD's component offices to assess and identify areas of improvement and deduplication related to organizational structures, the management and supervision of employees and opportunities for the utilization of shared administrative services and additional collaboration between and among the BHDD offices. This analysis and restructuring will continue through FY 2026.

Advance an enterprise approach to state government services.

- Admin's shared services enable the state's agencies to deliver efficient, reliable services to South Carolina's citizens. Among the shared services Admin provides are human resources (HR), finance and budgeting, procurement, information technology (IT), digital government, training and development, state vehicle fleet oversight and support, and surplus property programs. Admin continued to grow the use of shared services across government and as of June 30, 2025:
 - 43 state agencies adopted IT shared services.
 - 17 state agencies used finance shared services.
 - 19 state agencies used budget shared services.
 - 17 state agencies used procurement shared services.
 - 14 state agencies used HR shared services.
 - 158 active law enforcement agencies participated in the 1033 Program and have acquired property valued at \$64.5 million.
 - 534 organizations participated in the Federal Surplus Program.
 - 117 state and local government agencies participated in the Lease Fleet Program.
 - 83 state and local government agencies had employees participate in Fleet Safety training classes at no cost to these agencies.

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

- 63 state and local government agencies participated in the Commercial Vendor Repair Program (CVRP). This program provides an average savings of 24.5% on labor cost and 9.5% on parts.
- 608 state and local government agencies participated in the Fuel Card Program.
- 1,120 services were provided to 205 state and local government agencies through Admin's Digital Government Services program.
- 110 state and local government agencies and 7,304 participants were served through 262 training and development courses offered by Admin in FY 2024-25.
- The State Surplus Property Program returned \$14.9 million to state agencies in FY 2025.

- The SCEIS Modernization Program represents a strategic shift in how the state operates and encompasses several projects and applications, including enhancements to the grants management module, a web-based procurement system, an employee performance management system and migrating the legacy SCEIS Systems Applications and Products (SAP) enterprise resource planning (ERP) Central Component (ECC) platform to SAP S/4HANA, referred to as the SCEIS Upgrade Program.

Admin made the strategic and important decision to select an integrator to lead the state through the migration process and negotiate licensing for software and related services on behalf of the state and an independent verification and validation partner to deliver continuous assessments and insights related to the execution of the SCEIS Upgrade Program.

A rigorous and competitive procurement process resulted in a significantly more favorable contract for a 27-month migration project and initial operation of the upgraded state ERP.

- SCPro, a collaboration between the State Fiscal Accountability Authority (SFAA) and Admin, is the state's eProcurement initiative. SCPro is a web-based procurement system that will lead to greater purchasing efficiencies statewide and will improve access to business opportunities by suppliers and small businesses. It will replace the current SCEIS Supplier Relationship Management (SRM) tool and will include a

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

virtual marketplace that consists of online supplier catalogs which state agencies can access to purchase goods and services.

Collaborating with SFAA and other partners, Admin continued moving forward with the SCPro project while determining a new and more efficient implementation strategy and timeline to better meet all agency needs, ensure data quality and security. During this time, the agencies further refined requirements and integrations, optimized the solution to include future customer integrations and continued data migration testing, refinement and clean-up activities to ensure a smooth transition from SRM to SCPro.

- Admin reviewed and evaluated existing information technology (IT) contracts to determine agency, IT shared services customers and statewide needs, developed procurement strategies and successfully executed or initiated new contract solicitations to address identified needs. This included developing Cloud, Mainframe and Disaster Recovery as a Service (DRaaS) request for proposals (RFPs). Extensive coordination and collaboration between the State Fiscal Accountability Authority (SFAA) and Admin's Office of Technology and Information Services (OTIS) continue for a procurement vehicle that will address the need of government entities across the state to rapidly obtain critical IT services. SFAA has completed the Vendor Manager procurement which was a prerequisite for this IT services contract. It is anticipated that the request for proposals (RFP) will be posted by early fall 2025.

Collaborate to Provide and Enhance Services

Collaborate with customers to identify needs, measure satisfaction and enhance services.

- Admin continued to enhance the customer experience through the refinement of IT shared services internal operating procedures and business workflows, with a focus on improving service level agreement (SLA) communication and reporting. Admin's Office of Technology and Information Services (OTIS) enhanced and standardized the monthly reporting procedures that support customer outcomes and increased transparency in service performance. Twenty-three agencies benefited from this improved reporting which is disseminated monthly and provides metrics across all OTIS's Division of Technology Operations (DTO) services. Examples of reported incident and request management metrics include volume, priority, average business duration and maximum business duration.

| | | | |
|---------------------|-------------------------------------|-----------------|-----|
| AGENCY NAME: | Department of Administration | | |
| AGENCY CODE: | D500 | SECTION: | 093 |

In FY 2025, OTIS introduced new technical resources, automation and incorporated customer feedback to increase efficiency, data quality and user experience. An example is the “bursting” functionality feature implemented to streamline monthly report generation, saving significant time for report creators. Additionally, updated forms were created to better communicate incident and request activity for targeted customers. Through this effort, OTIS significantly strengthened SLA and key performance indicator (KPI) reporting and established a foundation for future modernization — particularly in enabling real-time dashboards and self-service access to service performance data.

- Admin launched enhancements to SCEIS Funds Management (FM) and Grants Management (GM) modules Aug. 1, 2025. The enhancements create a more user-friendly experience and streamline and improve business processes for state finance, budget and grant users. The enhancements are in direct response to agency feedback and will simplify business processes, make it easy to obtain and report data, improve data accuracy and create a foundation for increased transparency into agency funds and grants management.

Utilize a governance approach for customer input on statewide strategies.

- Emerging technologies offer new opportunities and create new challenges for the state of South Carolina to address. Admin and its Office of Technology and Information Services (OTIS) serve the state as a leader in this area by collaborating with other agencies to develop and publish strategies as guidance for state government agencies. To provide better guidance and leadership for these emerging technologies and address specific agency concerns, Admin operationalized governance by engaging other vested state agencies and state government stakeholders in the form of a Center of Excellence (CoE) model. In this model, the CoE serves as a coalition to investigate and advise on specific state technology challenges or concerns. Furthermore, this type of governance model incorporates agencies and external stakeholders’ involvement more directly to enhance engagement and provide diverse input in developing statewide direction regarding technologies. A dedicated Admin CoE team was created to collect and support use cases and experiences from multiple agencies, effectively operationalizing the CoE model.

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

The Artificial Intelligence CoE was launched in January 2025 and is made up of representatives from a diverse group of governmental entities and institutions of higher education. Since its launch, the AI CoE has evaluated over 50 use cases across 24 agencies. Additionally, Admin — in conjunction with input from other state agencies — updated its cloud strategy to reflect evolving state government agency demand and to leverage advancements in cloud computing technologies and is preparing to publish its 2025 State Cloud Computing Strategy in October 2025. By implementing IT governance, Admin is committed to strategic, secure, transparent and value-driven technology management.

- Executing on the South Carolina State Agencies Artificial Intelligence (AI) Strategy released in June 2024, Admin — in collaboration with state agencies — established the AI Center for Excellence (CoE) and an AI Advisory Group to assist state agencies as they evaluate the use of AI technologies.

The AI CoE serves as a centralized resource hub dedicated to enabling effective and responsible AI adoption. The main focal areas of this group consist of developing and maintaining self-serve AI educational materials, including AI fundamentals, best practices and industry trends; creating a cross-agency collaboration platform for knowledge sharing and collaboration and a repository for AI-related policies, standards, guidelines and templates to promote consistent, ethical and transparent AI adoption.

The AI Advisory Group is used to solicit input from the private sector for the purpose of understanding emerging AI technology trends and industry use cases. Subsequent tasks include protecting agencies through the evaluation of security controls, promoting communication and awareness of AI and pursuing the evaluation of use cases.

The AI CoE was launched in January 2025 and is made up of representatives from a diverse group of governmental entities and institutions of higher education. Since its launch, the AI CoE has evaluated supported over 50 use cases across 24 agencies. This group is also actively working to conduct pilot programs for ChatGPT and Microsoft Copilot. Examples of use cases that matured to viable solutions through the AI CoE and are nearing deployment include:

- South Carolina Department of Natural Resources: The agency used computer vision models to predict striped bass egg maturity, enabling precise timing for artificial insemination. The custom model, trained using

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

more than 1,000 images to classify at a 30-minute time granularity, has shown remarkable accuracy with an average precision of 93.5% and an F1 score of 91.5 when using a probability threshold of 80%.

- South Carolina Vocational Rehabilitation Department: The agency built an internal chatbot and a robust testing and evaluation framework to improve accessibility and efficiency.
- SC.GOV: "Bradley," the AI resident assistant, is preparing to deploy in September to the state's public-facing website, SC.GOV, where it will assist those seeking information about government services. Twenty-three agencies participated in the beta evaluation period for the SC.GOV AI resident assistant, which took place from Feb. 1-June 16, 2025. During this time, 1,734 questions were submitted for an average of 22 questions per day and 4,148 sources referenced. This led to over 120 opportunities for improvements to the AI model, which will result in an enhanced assistant for citizens and visitors to the SC.GOV site.

Admin will continue collaborating with state agencies to assess the potential use for AI technologies to enable continuous improvement for agencies and citizens alike.

- Recognizing the SCEIS Modernization Program demands extensive coordination with partner agencies, communications with stakeholders, program management and tracking and flexibility, Admin's Division of Enterprise Applications (DEA), which manages the SCEIS technology, established governance for the effort.

To ensure the success of SCEIS Modernization Program projects and applications and to support agencies' successful transition, Admin re-established the SCEIS Super User Group. This advisory group helps identify different user needs, seek opportunities for process improvement, participate in testing and foster user engagement and adoption of new processes and technologies. The SCEIS Super User Group kicked off in April 2025 and meetings are scheduled for the full user group and focused sub-user groups (budget, finance, human resources/human capital management, procurement/logistics, reporting and treasury) throughout 2025.

Equip Agencies to Focus on Their Mission

Develop a proactive and diversified approach to recruit and develop qualified employees.

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

- The state's Surplus Property Office (SPO) relies on truck drivers with commercial driver's licenses (CDLs) to complete its mission and provide service to state agencies. To expand the pool of CDL drivers to meet the growing operational demands of the SPO, Admin developed an internal CDL training and licensing program. Working closely with Admin's Human Resources department, the SPO team developed a plan that uses a CDL training program at Midlands Technical College to provide employees with the opportunity to secure a license. When Admin positions that require a CDL become vacant, the positions will first be posted internally to determine if there are current SPO employees who are candidates for the training program. Admin's SPO will fund the training program for current employees interested in participating and, upon successful completion and receiving a CDL, employees will be compensated based on the position filled. This is another way Admin continues to develop and retain talent in state government and meet the need of its customers.
- South Carolina launched its new statewide classification and compensation system June 2, 2025, marking the first major update in more than 20 years. The project replaced the long-standing 10 pay bands for classified employees with four streamlined pay structures, making the system more modern, flexible and competitive. Admin's Division of State Human Resources (DSHR) — collaborating with a national vendor, Mercer — developed the new state classification and compensation system which included designing a new framework, analyzing market data and carefully weighing multiple options for implementation. Ten different costing and implementing options were developed and presented to budget staff in the House and Senate. The General Assembly adopted — through the General Appropriations Act — an option that moved from 10 pay bands to four new pay structures with a combined 51 new paygrades. State employees were moved to the minimum salary of their new paygrade or received a 2% salary increase, whichever was greater. DSHR developed training and communications tools and resources for agency human resources staff and state employees and worked closely with Admin's Division of Enterprise Applications (DEA) team to update the SCEIS system to reflect the state's new classification and compensation system.
- Admin expanded its LeadSC program for emerging leaders with less than five years' experience in state government to expose mid-level and senior managers to the innerworkings of state government. Admin's Leadership and Organizational

| | | |
|---------------------|------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

Development team crafted a well-researched proposal to expand the LeadSC program, adding two modified tracks to the established offering, and worked with a variety of instructors to determine and develop curriculum. The first new track, LeadSC Invest, is designed for middle managers and will launch in October with a pilot cohort of 14 participants. The second new track, LeadSC Innovate, is for executive-level individuals new to state government and is planned to pilot in the spring of 2026. The launch of both tracks will provide opportunities for more individuals to learn about South Carolina state government by building a foundation of knowledge and a desire to remain in state government — ultimately contributing to their success and successful outcomes for their respective agencies and the citizens they serve.

- To continue proactively developing state employees, Admin redesigned its statewide training program for professional and technical staff to address unmet employee needs and fill gaps not covered by existing training programs. The Public Professional Development (PPD) program is a certification developed for frontline professional and technical staff to enhance their ability to work with teams, gain presentation skills and manage priorities. The goal of the redesigned PPD program is to increase program utilization, enhance awareness among agency staff and expand development and growth opportunities for frontline employees. Admin announced the pilot cohort through agency human resources and training directors with a goal of receiving 15 nominees for the pilot program. There were 27 employees from 21 different agencies nominated for the new PPD program pilot which launches in September 2025. All 27 individuals were accepted into the program and will receive targeted development that complements and enhances current training offerings.
- Each year thousands of military veterans transition to civilian life, bringing with them a wealth of leadership, discipline and mission-oriented experience. Yet, many face barriers in translating that experience into meaningful careers — especially careers in state government, where their values and skills are deeply aligned. Admin, in collaboration with the South Carolina Department of Veterans' Affairs (DVA), hosted the Veterans Fair Counseling Day Nov. 13, 2024, and the Veterans Virtual Career Fair Nov. 14, 2024, for veterans interested in exploring employment in state government. Over 40 state agencies and higher education institutions, representing 279 open positions, participated in the virtual career fair. Participating recruiters provided feedback that the virtual career fair drew high quality

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

candidates, resulting in over 240 quality chat conversations, totaling 1,300 messages. The inaugural Veterans Career Counseling Day provided veterans with resume workshops, interview prep, tips for navigating the hiring process and networking opportunities — allowing veterans to receive personalized guidance directly from other veterans who successfully transitioned from military service to the public sector. By helping veterans transition into state government roles, the state not only supports those who have served the country, but attracts experienced, talented individuals ready to serve their communities in a new capacity.

Identify and advance services provided through Admin.

- Admin worked to develop a model for a shared fleet prototype location to study the performance of the concept. The shared fleet prototype allows a pre-approved agency employee to reserve a state vehicle from a centralized location. The individual can then pick up and return the vehicle from the centralized location using an interface with an electronic kiosk to retrieve and return the key and fuel card. During FY 2025, a site for the prototype was selected in Blythewood and a memorandum of understanding (MOU) with the South Carolina Department of Public Safety (DPS) was executed in May 2025. Due to ongoing vehicle supply chain challenges, Admin State's Fleet has been unable to build an adequate pool of reserve vehicles to support a shared fleet location. However, with improvements in the vehicle supply market, Admin anticipates having a suitable inventory to support deployment of the pilot by March 2026. Based on findings of the shared fleet prototype, Admin will determine if additional locations should be added in the future.
- Admin implemented the SuccessFactors Performance Management Module within the SCEIS MyTalent portal. This effort improves the efficiency of the performance management process by transitioning the previous paper-based method to an electronic workflow while also enhancing the collaboration between employee and manager. The new functionality offers an opportunity to standardize processes across the state while offering a streamlined evaluation process and better statewide retention of employee evaluation records.

As part of this deployment, Admin's Human Resources (HR) department implemented the module for Admin employees through a series of communications and trainings targeting both managers and employees. Admin employees migrated from the paper performance reviews to the new electronic system, allowing

| | | | |
|---------------------|-------------------------------------|-----------------|-----|
| AGENCY NAME: | Department of Administration | | |
| AGENCY CODE: | D500 | SECTION: | 093 |

supervisors to manage all their employee performance reviews online. In addition, the system houses performance data and scores for easy reporting and tracking.

Admin also held several meetings and informational sessions for HR shared services customers to gauge their interest in SuccessFactors Performance Management and will assist those HR shared services agencies that wish to explore or implement the module in the future.

Other agencies currently utilizing this module include the South Carolina Attorney General's Office, South Carolina Commission for the Blind, South Carolina Department of Employment and Workforce, South Carolina Department of Environmental Services, South Carolina Educational Television and the South Carolina Workers' Compensation Commission.

- Admin's Digital Government Services (DGS) program features the SC.GOV Wallet, an online payment services option for DGS customers and their constituents. The SC.GOV Wallet functionality is enabled for all the DGS payment services customers. These customers include state agencies, local government entities and court systems and make up over 800 services. The SC.GOV Wallet has experienced an increase in user activity in the past fiscal year. In the first half of FY 2025, there were approximately 1,500 payment transactions processed per month using SC Wallet. By the third quarter of FY 2025, this monthly average doubled to over 3,000 SC.GOV Wallet transactions per month.

Citizens can now pay for government services online using a secure, user-friendly and familiar checkout process — similar to those used by private sector retailers. The SC.GOV Wallet allows for storing payment information securely, making future payment transactions across government services faster and more convenient.

Future government customers benefit from this functionality as a built-in feature of the service offerings included in all standard implementations. Admin will continue to use data analytics, trends, best practices, customer feedback and operational governance meetings for continuous improvement.

- Last fiscal year, Admin collaborated with customers to redesign its IT shared services offerings, to promote standardization, consistency and usability in implementing an enterprise approach to state government services. Building on this

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

effort, the agency created an online IT shared services catalog. The service catalog will be the single online entry point for all Admin IT shared services with a modern, intuitive, consumable experience designed to meet customer needs. This project serves as a catalyst to standardize and mature service delivery and governance of the services. The online IT shared services catalog is currently in the final stages of user acceptance testing (UAT) and is on track to go live in September. It will launch with IT shared services but — to foster customer service, continuous improvement and innovation — was developed to integrate all shared services offerings in the future.

- The 1999 South Carolina Automated External Defibrillator (AED) Law (Chapter 76 Section 44-76-10 to 44-10-50) outlines requirements for AEDs including training, maintenance and reporting requirements and provides guidance for the implementation of AED program protocols and deployment strategies for physician-approved written plans. Admin has historically provided a manual documenting the AED program in Admin operated and maintained facilities, to include the locations of specific equipment and the protocols for the use of identified AED equipment. In FY 2025, Admin's Division of Facilities Management and Property Services (FMPs) reviewed, updated and published the AED manual to tenant agencies to ensure they can best respond to emergency health situations in the workplace by providing technology that may sustain an individual's life until trained emergency medical services (EMS) personnel arrive on the scene.

Provide leadership and support to enhance and mature information security and privacy and advance the protection of citizens' data.

- To improve statewide security monitoring for all state agencies, Admin identified and procured a Security Information and Event Management (SIEM) system to collect and analyze data from various sources across IT infrastructures to detect threats and provide actionable insights. The new solution is to accelerate security outcomes by eliminating tool redundancy, increase automation and provide comprehensive visibility across hybrid environments, resulting in faster detection and response times for a more proactive security posture. Admin has developed a deployment timeline that will continue through the next two years, resulting in statewide adoption and modernization. Additionally, Admin continues to conduct information security assessments to identify and remediate deficiencies in logging coverage and granularity across key log sources, ensuring full visibility for threat detection and response. A new data management strategy ensures the proper

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

documentation, audits and situational awareness are in place to maximize observability and security audit log retention.

- A new program was successfully established to bolster the state's ability to identify and manage statewide cybersecurity risks. As part of this initiative, two new positions (Director of Cyber Risk Management and Compliance and Senior Cyber Risk Analyst) were created and filled to support the new Division of Information Security (DIS) Cyber Risk Management Program and existing position descriptions were reviewed and updated to better align with the program's operational needs and strategic goals. To further build a strong operational framework for success, a centralized repository of program materials was developed to support consistency, accessibility and knowledge sharing across the team and a standardized intake and work management process was implemented to streamline task tracking resource allocation and workflows. A comprehensive catalog of services offered by the program was created to clearly communicate the program's capabilities and value to stakeholders. Services delivered as part of the cyber risk program during the FY 2025 included artificial intelligence and Active Directory cyber risk assessments, information security and privacy program development and compliance support activities with various state agencies. In the next fiscal year, the DIS Cyber Risk Management Program will guide cyber security risk assessment and remediation activities, maintain and operate the statewide cyber security risk dashboard and provide cyber security risk reporting.
- To continuously monitor and mitigate the state's cybersecurity risks, Admin's Division of information Security (DIS) established an agency risk profile. DIS developed the methodology to create an agency cyber risk profile, including identifying cyber risk data sources, benchmarks and scoring calculations, built and tested an agency cyber risk profile dashboard and established operational governance, including detailed solution documentation, as well as procedures for change management, disaster recovery and continuous monitoring. DIS populated the cyber risk profile dashboard with live data from Admin. This tool is crucial for translating complex technical data into actionable insights for both technical teams and non-technical leaders. By having a centralized, real-time overview of the state's cyber risks, Admin can make better data-driven decisions to enhance the state's security posture and build resilience. The success of Admin's cyber risk profile and value in the dashboard led to DIS creating a roadmap for gathering and verifying

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

data for the nearly 80 state agencies audited by Admin.

- To continue to address the state's cybersecurity risk profile and to mitigate related risks identified in agency assessments, Admin's Division of Information Security (DIS) completed security assessments in FY 2025 for 32 remaining agencies and one division within Admin. This effort included an evaluation for each agency's security program to determine alignment with the 117 key security controls, and further, findings and recommendations were documented to strengthen agency security programs and ensure compliance with the SCDIS-200 Information Security and Privacy Standards framework. Findings from the agency assessments led to the creation of a plan of action and milestones (POAMs). These findings are then loaded in the state's governance, risk and compliance (GRC) platform and each agency is responsible for remediating findings from their respective assessments. Agencies are trained on how to use the GRC tool to implement, manage and track their POAM. In addition to training for the GRC tool, DIS maintains regular communications with agencies, assists with POAM planning, aligning services and resources available from Admin and consulting to develop policies, procedures and other services.

Effectively Manage Resources

Assess, develop and deploy resources and tools to promote consistent business processes and standards across state government.

- Admin is working with its vendor to upgrade its FleetWave application, the internal software used to manage state fleet to include inventory, billing and maintenance. The agency initially launched a project aimed at migrating the existing software application to a cloud environment using a software-as-a-service (SaaS) model. However, following a significant increase in projected costs associated with a new vendor who acquired the software's cloud version, Admin selected to update its existing software application to a newer version. Admin remains committed to its long-term goals of expanding accessibility to its customers, strengthening security, increasing efficiency and reducing cost, and will evaluate issuing a new solicitation for an internal fleet management software solution upon the expiration of the current contract.

Simultaneously, Admin's Division of State Agencies Support Services (DSASS) successfully installed telematics in 1,900 vehicles, as of June 30, 2025, and will

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

complete 3,500 telematics vehicle installations by the end of September. The telematics solution integrates with FleetWave and connects vehicles to other vehicles, remote locations and networks through wireless communication, enabling real-time data collection and analysis. The telematics solution not only provides Admin with additional vehicle data but puts the data in the hands of State Fleet customers, enabling them to have access to real-time data for an enhanced customer experience that leads to data-driven decision-making. By installing telematics to state vehicles, Admin continues to optimize fleet operations, maximize taxpayer resources and deliver cost savings to customer agencies.

- In an ongoing effort to improve the Capital Asset Planning (CAP) system, the Executive Budget Office (EBO) is automating its manual Permanent Improvement Plan (PIP) process. This enhancement, which will be fully integrated into the Comprehensive Permanent Improvement Plan (CPIP) system, will simplify the PIP submission process by replacing the paper-driven method with an automated online submission process, improving the data accuracy and quality of submissions and streamlining the review process.

System development is in its final phase and is expected to be complete in the fall of 2025. Data migration, user acceptance testing and end user training will then occur, with an anticipated deployment of the new automated PIP process in the first quarter of calendar year 2026.

- Admin's Division of Information Security (DIS) assessed each of its cybersecurity tools and solutions and identified opportunities for additional tools, replacement solutions and upgrades to improve DIS's ability to meet the monitoring, remediation and cybersecurity needs of state agencies. Additionally, DIS sought to identify the contractual lifecycle of all information security tools, assessing the financial feasibility of renewals and ongoing usage to maintain the state's security posture. This included creating a single repository for cybersecurity tool inventory, financial/contractual, lifecycle management and assessment characteristics. As a result, Admin's DIS streamlined its portfolio, making it easier to maintain.

Enhance the public's awareness of the use of the state's resources.

- Recognizing the importance of promoting transparency and accountability, Admin continued collaborating with state agencies to provide the public an inside look as to how state government carries out its core functions. In July 2025, Admin, in

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

partnership with the Comptroller General's Office, launched the SC Vendor Payments Dashboard, an interactive online platform designed to elevate transparency and accountability in state spending. Housed on Admin's website, admin.sc.gov, the dashboard collects data from the South Carolina Enterprise Information System (SCEIS), the state's accounting system, and offers real-time insights in payments made by state agencies to their vendors in an easy-to-use format.

Invest in Admin's Capacity to Continuously Improve the Quality of Its Services to Better Serve the State

Recruit, develop and support employees to best serve state government through Admin.

- To ensure consistency in management practices, increase confidence and competence, improve employee relations, ensure compliance, increase efficiency and continue to develop leaders, Admin created a robust Manager Toolkit. This new toolkit provides managers with a centralized, easy-to-use resource to navigate common employee relations, human resources and workplace situations. In addition to the Manager Toolkit, Admin's Human Resources team developed a Manager Learning and Development Plan. This internal training plan consists of a mixture of in-person, e-learning and job-aides to assist managers with the agency's human resources procedures and daily situations they may encounter in their management roles. Through the new Manager Toolkit and Manager Learning and Development Plan, Admin managers now have robust resources to guide them in management and human resources procedures.
- As part of Admin's ongoing efforts to recruit, develop and support employees to best serve state government, Admin's Division of Facilities of Management and Property Services (FMPS) worked closely with Admin Human Resources and the Division of State Human Resources (DSHR) to conduct research on horticulture salaries at other state agencies, city and county governments, and the private sector. The skill sets and classifications of the horticulture staff were then compared against the market research and aligned to state job classifications and their associated tier progressions within those classifications. This analysis resulted in creating a career path for horticulture employees that will ultimately assist with the recruitment and retention of employees as Admin competes with other governmental entities and the private sector.

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

Continuously build the Admin enterprise of knowledgeable and engaged employees.

- Admin recognizes the importance of process documentation and process improvement for both short-term and long-term viability. Clearly defined operational steps and tasks not only enhance processes, but preserve knowledge, bolster consistency, ensure compliance with regulations and allow for cross-training employees. During FY 2025, each Admin division identified processes that relied on a single person, technology or data point to function. These processes were then documented, step-by-step, to ensure backups or redundancy. Divisions also identified additional processes to document.

To clarify focus and adopt a uniform style, Admin's Internal Training Team held a series of process documentation training sessions and provided participants with templates to document agency processes. The class was required for all process documentation project managers and process owners.

By June 30, 2025, the agency had a repository of 50 documented processes. The documentation outlines the step-by-step procedures, roles and responsibilities, required approvals, timelines and communication protocols associated with initiating and implementing each identified process. Examples of agency documented processes included mailing annual high school congratulatory letters to all graduating high school seniors, preparing and selling surplus property online, administering the general increase in SCEIS, sending statewide employee emails and the procedure for processing easement applications.

By capturing and formalizing agency processes, Admin now has a standardized reference that ensures consistency, transparency and efficiency. Going into the next fiscal year, Admin will continue documenting processes to ensure business continuity, facilitate knowledge transfer and make it easier to onboard new team members or adapt to organizational changes. These processes will also be easily accessible by their respective divisions and agency leadership.

- An employee intranet is a vital tool for fostering effective communication, collaboration and engagement within an organization. It serves as a centralized platform where employees can easily access important information, resources and tools they need to do their jobs efficiently. In FY 2025, Admin conducted research, developed a project plan, released a statement of work and secured a vendor to redesign its employee intranet site. The agency has onboarded the vendor and will

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

launch the new site in December 2025. By streamlining internal communications, supporting knowledge sharing and improving access to documents, tools, resources and workflows, the intranet will enhance overall productivity, offer self-service solutions and reduce time spent searching for information. Beyond efficiency, another goal of Admin's new intranet is to strengthen Admin's culture and organizational awareness by connecting employees across divisions, departments and locations, promoting transparency and supporting recognition at both the agency and employee level. It will lead to an informed, connected engaged and high-performing workforce.

Continuously assess and improve processes to ensure optimal external performance.

- In a continuous effort to enhance Admin's security posture, Admin's Division of Information Security (DIS) successfully completed an audit and assessment of the agency. In addition, Admin hired a full-time IT security liaison to directly support the agency.
- As part of its ongoing commitment to process improvement and external performance excellence, Admin's Division of Facilities Management and Property Services (FMPS) leveraged the FY 2024 facility condition assessments (FCAs) conducted by Facilities Strategy Group to create a 10-year Permanent Improvement Plan. The plan incorporates projects identified through the recent FCAs, along with needs previously raised by FMPS staff and tenants. It prioritizes capital projects based on available funding sources for the next decade. The plan aims to reduce FMPS's deferred maintenance liability, address upcoming equipment recapitalization needs and enhance tenant workspaces — enabling tenants to focus on fulfilling their missions.
- Admin initiated a DIS Cybersecurity Training program to provide on-demand security training for technical skills and certifications. The training program offers continuous cybersecurity learning opportunities for agencies. The agency partnered with a training company to provide in person, hands-on learning by industry experts at no cost to state government agencies. Agency IT managers identified staff to participate in course offerings who had not previously attended DIS training. In FY 2025, 75 individuals participated in the following courses:
 - Nov. 4-8, 2024: CompTIA Security+
 - Dec. 2-6, 2024: CompTIA Cloud+
 - Jan. 27-30, 2025: ISACA CRISC

| | | |
|---------------------|-------------------------------------|---------------------|
| AGENCY NAME: | Department of Administration | |
| AGENCY CODE: | D500 | SECTION: 093 |

- Feb. 24-28, 2025: ISC2 CGRC

Admin will continue offering cybersecurity training to state agencies in FY 2026.

LOOKING AHEAD

Moving forward into the new fiscal year, leadership and collaboration remains Admin's top priorities to provide exceptional services to customers, enhance security and build trust. Admin will continue to innovate to increase agency effectiveness and to achieve cost-efficiencies. Some of these efforts will include:

- Recruit, develop and support employees to serve the state and its citizens.
- Advance an enterprise approach to state government services.
- Effectively manage resources.
- Collaborate with customers to identify needs, measure satisfaction and enhance services.
- Continue to lead and support to enhance and mature information security and privacy and advance the protection of citizens' data.
- Provide leadership and guidance to others in the executive branch and deliver statewide projects assigned to Admin by the General Assembly or the Governor.
- Invest in Admin's capacity to continuously improve the quality of its services to better serve the state.

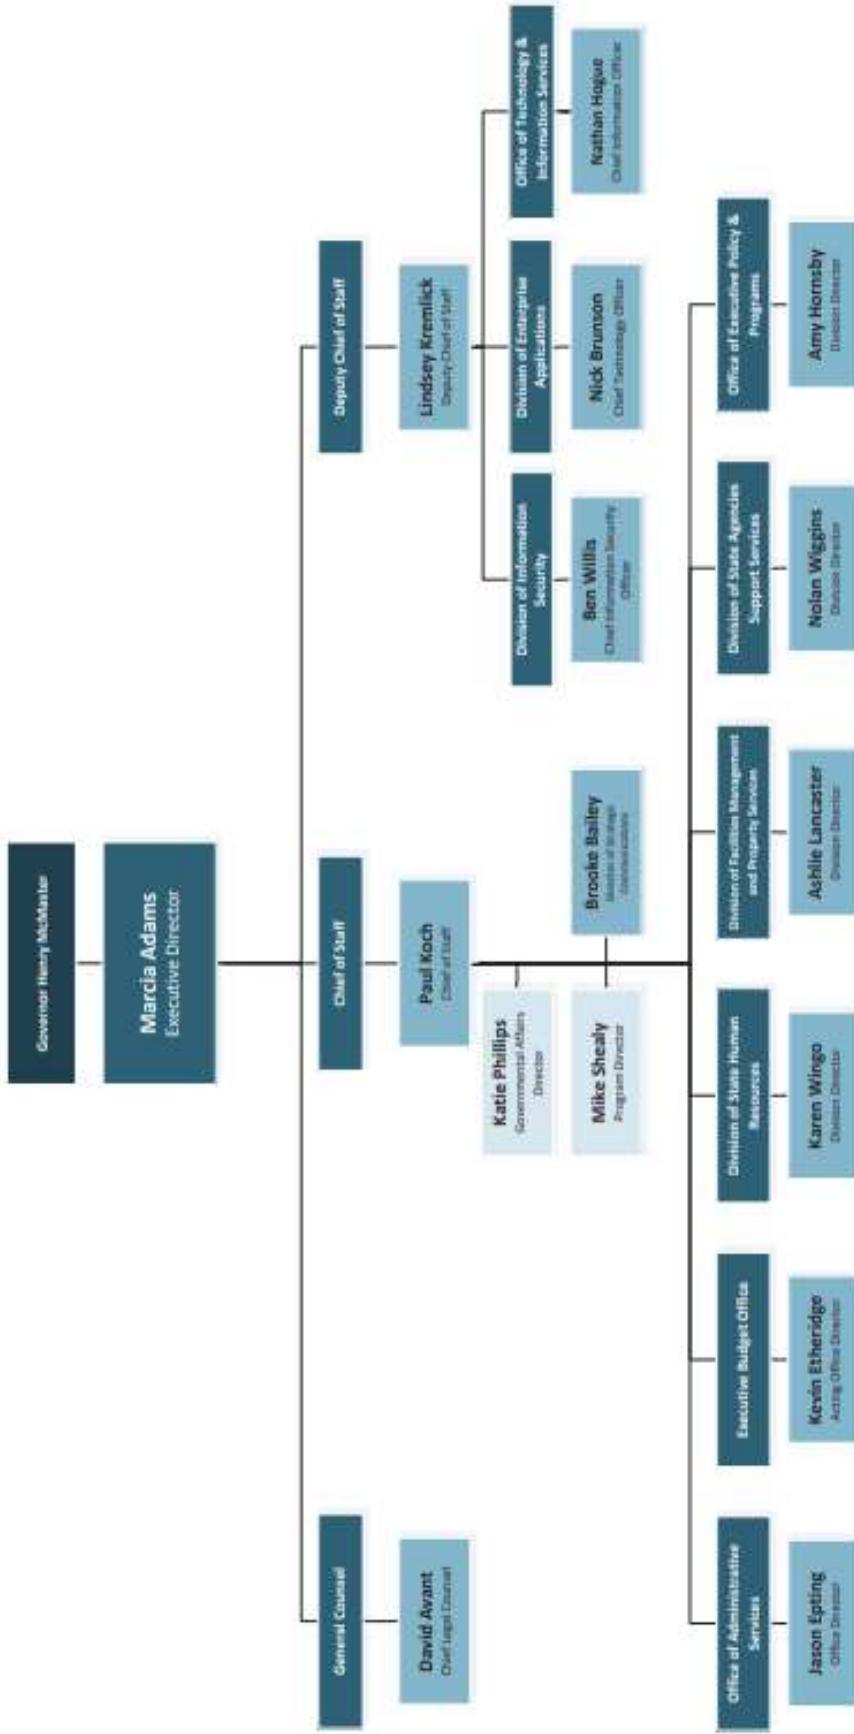

RISK ASSESSMENT AND MITIGATION STRATEGIES

Admin is committed to improving the effectiveness of state government and remains willing to identify and recognize new ideas and opportunities that will ultimately benefit the citizens of South Carolina.

Agency Mission

Adopted in: 2015

Lead to identify efficiencies. Collaborate to provide services to enhance security and trust. Innovate to increase effectiveness.

Agency Vision

Adopted in: 2015

Lead. Collaborate. Innovate.

Recommendations for reorganization requiring legislative change:

None

Agency intentions for other major reorganization to divisions, departments, or programs to allow the agency to operate more effectively and efficiently in the succeeding fiscal year:

None

Significant events related to the agency that occurred in FY2025

| Description of Event | Start | End | Agency Measures Impacted | Other Impacts |
|--|-------|------|--------------------------|--|
| State Treasury Forensic Accounting Review Audit into \$1.8 Billion (Proviso 93.19) | July | June | | Admin's executive leadership and SCEIS team devoted a significant amount of time to this requirement in FY25, which shifted the team's time away from Admin's other strategic and operational projects. In FY26, Admin's executive leadership continues to devote a significant amount of time to this effort. |

| | | | | |
|---|-----------|----------|--|---|
| Bull Street Relocation and move of Department of Public Health, former Department of Mental Health, former Department of Drug and Alcohol Abuse Services, and former Disabilities and Special Needs to the new public health campus in Cayce. | July | June | | Admin's executive leadership, and FMPS, IT, HR, and SCEIS divisions devoted a significant amount of time to this project during FY25, which shifted the team's time away from Admin's other strategic and operational projects. Aspects of Admin's responsibilities for this project continue in FY26. |
| DHEC restructure into Department of Public Health and Department of Environmental Services (Act 60 of 2023) | July | June | | Admin's executive leadership, and FMPS, IT, HR, SCEIS divisions devoted a significant amount of time to this project in FY25, which shifted time away from Admin's other strategic and operational projects. Aspects of Admin's responsibilities for this project continue in FY26. |
| SC County Days following Hurricane Helene in September 2024 | September | November | | After Hurricane Helene impacted the state, Admin organized and lead TeamSC County Days across the state to assist citizens get access to needed services and goods. TeamSC County Days required significant participation from executive leadership and the entire agency, which took employees away from their daily duties for several weeks. Admin was responsible for securing locations, agency and nonprofit participation, donated goods, event outreach and pre, post and day of event logistics. |

| | | | | |
|---|--|------|--|---|
| Act 3 of 2025 (S.2) to create the new Department of Behavioral Health. | April | June | | Since this bill was enacted in late April 2025, Admin's executive leadership and Admin divisions have devoted a significant amount of time to begin implementing this new law. Admin's responsibilities for this project will continue into FY26. |
| Is the agency in compliance with S.C. Code Ann. § 2-1-220, which requires submission of certain reports to the Legislative Services Agency for publication online and the State Library? (See also S.C. Code Ann. § 60-2-20). | Yes | | | |
| Reason agency is out of compliance: (if applicable) | | | | |
| Is the agency in compliance with various requirements to transfer its records, including electronic ones, to the Department of Archives and History? See the Public Records Act (S.C. Code Ann. § 30-1-10 through 30-1-180) and the South Carolina Uniform Electronic Transactions Act (S.C. Code Ann. § 26-6-10 through 26-10-210). | Yes | | | |
| Does the law allow the agency to promulgate regulations? | Yes | | | |
| Law number(s) which gives the agency the authority to promulgate regulations: | Please see the Legal section of this report. | | | |
| Has the agency promulgated any regulations? | Yes | | | |
| Is the agency in compliance with S.C. Code Ann. § 1-23-120 (J), which requires an agency to conduct a formal review of its regulations every five years? | Yes | | | |
| (End of Reorganization and Compliance Section) | | | | |

FY2025

Strategic Plan Results

as submitted for the Accountability Report by:

D500 - DEPARTMENT OF ADMINISTRATION

- Goal 1 Provide exceptional leadership for statewide initiatives.
- Goal 2 Collaborate to provide and enhance services.
- Goal 3 Equip agencies to focus on their mission.
- Goal 4 Effectively manage resources.
- Goal 5 Invest in Admin's capacity to continuously improve the quality of its services to better serve the state.

| Perf. Measure Number | Description | Base | Target | Actual | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |

| 3.1.3 | Implement LeadSC Tracks. The Learning and Organizational Development (LOD) team currently offers a LeadSC program for mid-level employees with less than 5 years experience in state government. This project creates two additional tracks for more experience and senior state employees to equip them for success. | 0% | 100% | 100% Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DSHR | Training for the state's newer state employees | State agencies and state employees | Training for the state's newer state employees | 1005.100000.000 | |
| 3.1.4 | Reimagine the Public Professional Development Program (PPD). PPD is a program offered by the Learning and Organizational Development (LOD) that needs to be reimagined to distinguish it from other programs offered by LOD. The LOD team will create a plan for what additional development opportunities can be met by an updated PPD program that are not currently being met by other training opportunities. | 0% | 100% | 100% Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DSHR | Training for state employees | State agencies and state employees | Training for state employees | 1005.100000.000 | |
| 3.2 | Identify and advance services provided through Admin: | | | | | | | | | | | | | |
| 3.2.1 | Develop and Deploy Shared Fleet Prototype. Further develop the shared fleet concept and deploy an initial prototype to an agency site to study operations and determine future expansion. | 0% | 100% | 55% Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DSASS | Improve customer service and streamline fleet operations | State agencies and state employees | Improve customer service and streamline fleet operations | 1000.152500.000 | During fiscal year 2025, a site for the prototype was selected in Bluffton and a memorandum of understanding (MOU) with the South Carolina Department of Public Safety (DPS) was executed in May 2025. Due to vehicle supply chain issues, State Fleet has been unable to build a pool of suitable reserve vehicles to supply a shared fleet location. The vehicle supply marketplace has significantly improved in 2025, and State Fleet anticipates having a suitable supply of vehicles in 2026 to advance this project. |

| Perf. Measure Number | Description | Base | Target | Actual | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|----------------------|--|------|--------|--------|------------------|-----------------|-------------------|--------------------|------------------|---------------|---|--|--|--|
| 3.2.2 | Create an implementation plan for all applicable Shared Services agencies. State HR is introducing SAP SuccessFactors perform to state agencies to use for modernizing the performance management process, as well as SAP E-Recruitment and Onboarding. Admin HR will work to implement all available SuccessFactors modules for Admin and its shared services agencies. | 0% | 100% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DSHR | Enhance customer service | State agencies and state employees | 1005.100000.000 | |
| 3.2.3 | SC.GOV Wallet Rollout. Agencies can opt into wallet functions on the SC.gov website where payment information is securely stored to expedite payment. This function will allow citizens to store payment information and more seamlessly connect to state services through a new login and profile capability. | 0% | 100% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | OTIS | Expand one-stop-shop website for citizens with improved customer service and payment function | General public, state agencies, and agency customers | 1002.350100.000 | |
| 3.2.4 | Shared Services Catalog. Implement the new OTIS service catalog and evaluate the demand from other Admin divisions as required to implement other shared service descriptions. Utilize Service now or DGS to make the service catalog more accessible and actionable with the shared services interface. | 0% | 100% | 97% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | OTIS | Improved customer experience | State agencies and agency customers | 1002.350100.000 | The online shared services catalog is currently in the final stages of user acceptance testing (UAT) and is on track to go live in September. It will launch with IT shared services but was developed to integrate all shared services offerings in the future. |
| 3.3 | Provide leadership and support to enhance and mature information security and privacy and advance the protection of citizens' data. | | | | | | | | | | | | State Objective: Maintaining Safety, Integrity and Security | |
| 3.3.1 | State SIEM Replacement. Replace existing security information and event management (SIEM) tool, Qradar, to improve statewide security monitoring for all state agencies. | 0% | 100% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DIS | Risk Remediation | State agencies and agency customers | 1001.250100.000 | |

| Perf. Measure Number | Description | Base | Target | Actual | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|---|--|------|--------|--------|------------------|-----------------|-------------------|--------------------|------------------|---------------|----------------------------|--|---|--|
| 3.3.2 | Establish the Risk Governance Program. The Risk Governance program will be established during fiscal year 2025; cybersecurity risk remediation efforts will be used to bolster the state's ability to identify and manage statewide cybersecurity risks (Year one). The Risk Governance Process will be used to guide potential assessment and remediation activities, provide a source for a Statewide Risk Dashboard, and Risk Reporting (Year 2). (Year 1 of 2) | 0% | 100% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DIS | Risk Remediation | General public, state agencies, and agency customers | 1001.250100.000 | |
| 3.3.3 | Establish Agency Risk Profiles. Continuously monitor the state's cybersecurity risk profile to mitigate cybersecurity risks identified in agency assessments through the creation of a risk profile for state agencies. | 0% | 100% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DIS | Risk Remediation | General public, state agencies, and agency customers | 1001.250100.000 | |
| 3.3.4 | DIS-2000 Block 3 Agency Assessments. Conduct statewide information security assessments for 33 remaining agencies against the current DIS-200 framework. | 0% | 100% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DIS | Increased data privacy | General public, state agencies, and agency customers | 1001.250100.000 | |
| 4.1 Assess, develop and deploy resources and tools to promote consistent business processes and standards across state government. | | | | | | | | | | | | | | |
| 4.1.1 | FleetWave Cloud Transition and Deployment. Transition the FleetWave application to the cloud and following successful migration determine process for providing FleetWave access to customer agencies. | 0% | 100% | 25% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DSASS | Improve customer service | State agencies and agency customers | 1000.152500.000 | Following a significant increase in projected costs associated with a new vendor who acquired the software's cloud version, Admin will likely issue a new solicitation for an internal fleet management software solution upon the expiration of the current contract. |

| Perf. Measure Number | Description | Base | Target | Actual | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|---|--|------|--------|--------|------------------|-----------------|-------------------|--------------------|------------------|---------------|---|--|---|--|
| 4.1.2 | Capital Budgeting-S24-172-Capital Asset Planning System (CAPs) Phase II. This project will automate the current manual PIP process, which will improve the quality of the submissions, expedite the review process, and make processing of each submission easier. This project will be completed in FY25. | 0% | 100% | 75% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | EBO | Capital Asset Planning System automation | State agencies and agency customers | 1004-050000.000 | System development is expected to be complete in the third quarter of CY 2025. Data migration, user acceptance testing, and end user training will then occur, with an anticipated deployment in the first quarter of CY 2026. |
| 4.1.3 | DIS Security Tool/Solution Review. Conduct an assessment of the security tools and solutions used by DIS to identify opportunities for additional tools, solutions, upgrades, or for replacement to improve DIS's ability to meet the monitoring, remediation, and other general security needs of state agencies. | 0% | 100% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DIS | Increased data privacy | General public, state agencies, and agency customers | 1001-250100.000 | |
| 4.2 Enhance the public's awareness of the use of the state's resources. | | | | | | | | | | | | | | |
| 4.2.1 | Budget Analysis-E-24-169 - Deploy additional data visualizations. Provide transparency on the state's spending and budget through data visualization software tools. | 0% | 100% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | EBO | Improved data visualizations to enhance public awareness and inform decision-making | General public, state agencies, and agency customers | 1004-050000.000 | |
| 5.1 Recruit, develop and support employees to best serve state government through Admin. | | | | | | | | | | | | | | |
| 5.1.1 | Managers' toolkit and training. Create a robust manager toolkit to detail all processes for managers as it pertains to an employee's lifecycle (interviewing, onboarding, offboarding and all steps in between) and develop a full training plan for Admin managers. Admin HR will create a comprehensive toolkit designed to be a resource for managers on not only Admin policies related to personnel decisions, but also best practices. Admin HR will work with LOD to develop a plan for increasing training and development opportunities for managers. | 0% | 100% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | Admin HR | Training for Admin employees who are managers | Admin and Admin employees | 0100-010000.000 | |

|----------------------|--|------|--------|-----------------------|------------|-------------------|-----------------|--------------------|--------------------------|--|----------------------------|---------------------------|---|---|
| 5.1.2 | FMPS Career Path Phase 2 - Horticulture. Create a career path for horticulture employees that will assist with recruitment and retention of employees as Admin competes with the private sector. | 0% | 100% | 100% Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | FMPS | Training for Admin horticulture employees | Admin and Admin employees | Admin and Admin employees | 1000.150501.000 | |
| 5.2 | Continuously build the Admin enterprise of knowledgeable and engaged employees. | | | | | | | | | | | | | State Objective: Government and Citizens |
| 5.2.1 | Document agency processes. Every office in every division within the agency will identify "single thread" areas and develop documentation/instructions for at least one process. | 0% | 100% | 100% Percent complete | Complete | Other | Timeliness | Internal Records | OED | Improve redundancy and efficiency within Admin | Admin and Admin employees | Admin and Admin employees | 0100.010000.000 | In fiscal year 2025, Admin conducted research, developed a project plan, released a statement of work and secured a vendor. The agency has onboarded the vendor and will launch the new employee intranet in December 2025. |
| 5.2.2 | Employee intranet. Reposition Admin's intranet into an employee resource to inform and engage employees through a one-stop shop. | 0% | 100% | 15% Percent complete | Complete | Other | Timeliness | Internal Records | Strategic Communications | Improve employee experience | Admin and Admin employees | Admin and Admin employees | 0100.010000.000 | |
| 5.3 | Continuously assess and improve processes to ensure optional external performance. | | | | | | | | | | | | | State Objective: Public Infrastructure and Economic Development |
| 5.3.1 | Create a 10 Year Permanent Improvement Plan. The ten-year plan will ensure FMPS addresses its deferred maintenance liability and enhances tenant work spaces so they can focus on fulfilling their missions. | 0% | 100% | 100% Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | FMPS | Improve Admin facilities | Admin and Admin employees | Admin and Admin employees | 1000.150501.000 | |
| 5.3.2 | Enhance Admin's Security Posture. Hire a liaison to Admin, conduct an assessment and create a Plan of Action and Milestones (POAM) to ensure security needs are addressed quickly and appropriately. | 0% | 100% | 100% Percent complete | Complete | State Fiscal Year | Timeliness | Internal Records | DIS | Risk Remediation | Admin and Admin employees | Admin and Admin employees | 1001.250100.000 | |

FY2026

Strategic Plan Development

as submitted for the Accountability Report by:
D500 - DEPARTMENT OF ADMINISTRATION

- Goal 1 Provide exceptional leadership for statewide initiatives.
- Goal 2 Collaborate to provide and enhance services.
- Goal 3 Equip agencies to focus on their mission.
- Goal 4 Effectively manage resources.
- Goal 5 Invest in Admin's capacity to continuously improve the quality of its services to better serve the state.

| Perf. Measure Number | Description | Base | Target | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|----------------------|--|------|---------------|------------------|-----------------|-----------------|--------------------|------------------|---------------|--|---|---|-------|
| | | | | | | | | | | | | | |
| 1.1 | Provide leadership and guidance to others in the Executive Branch and deliver statewide projects assigned to Admin by the General Assembly or the Governor. | 0% | 100% complete | Percent complete | Complete | Other | Timeliness | Internal records | OED | Fulfillment of Act 3 (S.2) of 2025, Proviso 93.23 of the FY25-26 General Appropriations Act, and the Governor's instructions | State agencies and agency customers | 0100.010000.000 | |
| 1.1.1 | Conduct analysis of administrative and other functions of former DDSN, DMH, and DAO/DAS and restructure these agencies into the new Department of Behavioral Health and Development Disabilities consistent with Act 3 (S.2) of 2025, consistent with Proviso 93.23 of the 2026 Appropriations Act, and consistent with the Governor's instructions. | | | | | | | | | | | | |
| 1.1.2 | Admin to conduct state owned building study with funds appropriated in FY 25-26 Appropriations Act. | 0% | 100% complete | Percent complete | Complete | Other | Timeliness | Internal records | FMPS | Fulfillment of funded item in the FY25-26 General Appropriations Act | General public, state agencies and agency customers | 9809.750000X000 | |

| Perf. Measure Number | Description | Base | Target | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|---|---|------|-----------------------|------------|-------------------|-----------------|--------------------|-------------|---|--|-----------------------------------|---|-------|
| 1.1.3 | Admin to engage an independent compliance consultant (Forvis Mazars, LLP) to assess and oversee compliance with all recommendations resulting from the AlixPartners' Forensic Accounting Final Report and the Maudlin & Jenkins assessment of the State's Annual Comprehensive Financial Report (ACFR) development process, consistent with Act 72 (S.253) of 2025. | 0% | 100% Percent complete | Complete | Other | Timeliness | Internal records | OED | Fulfillment of Act 72 (S.253) of 2025 | General public, state agencies and agency customers | 9810.720000X000 | | |
| 1.1.4 | Admin DSHR and EBO will work with state agencies to eliminate 25% of vacant FTE positions as of Feb. 1, 2025, unless an exemption applies, consistent with Proviso 117.193 of the FY 25-26 Appropriations Act. | 0% | 100% Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | DSHR, EBO | Fulfillment of Proviso 117.193 of the FY 25-26 General Appropriations Act | State agencies, agency employees, and General Assembly | 1004.050000.000 & 1005.100000.000 | | |
| 1.2 Advance an enterprise approach to state government services. | | | | | | | | | | | | | |
| 1.2.1 | Continue to implement Admin's statewide artificial intelligence (AI) strategy through the coordination and evaluation of use cases and budget/spend requests, pilot statewide enterprise AI solutions and launch an AI resident assistant for citizens to easily access publicly available government services. | 0% | 100% Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | OTIS | Improve customer service | General public, state agencies and agency customers | 1002.350100.000 | | |

| Perf. Measure Number | Description | Base | Target | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|----------------------|--|------|--------|------------------|-----------------|-------------------|--------------------|------------------|-----------------|--|-------------------------------------|---|-------|
| 1.2.2 | Conduct market research for the sixteen technical colleges to explore the use of a single, third-party centralized software system that standardizes naming conventions across all technical colleges to enable direct comparisons of key financial measures in accordance with Proviso 93.22 of the FY25-26 Appropriations Act. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | OTIS | Fulfillment of Proviso 93.22 of the FY25-26 General Appropriations Act | State agencies and agency customers | 1002.350100.000 | |
| 2.1 | Collaborate with customers to identify needs, measure satisfaction and enhance services. | | | | | | | | | | | | |
| 2.1.1 | HR Shared Services Customer SharePoint Site Launch a secure SharePoint site to share documents with HR shared services customers. This customer site should model the SharePoint site that OAS setup for its customers for a seamless user experience for shared services customers. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | DSHR (Admin HR) | Improve customer service | State agencies and agency employees | 0100.010000.000 | |
| 2.2 | Utilize a governance approach for customer input on statewide strategies. | | | | | | | | | | | | |
| 2.2.1 | Establish and implement a governance framework for the SCEIS Modernization Program that will provide the accountability and consistency necessary to ensure effective risk management, resource optimization and high-quality outcomes for the state. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | DEA (SCEIS) | Continued improvement of SCEIS functionality | State agencies and agency customers | 1004.200000.000 | |

| Perf. Measure Number | Description | Base | Target | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|----------------------|--|------|--------|------------------|-----------------|-------------------|--------------------|------------------|---------------|---|--|---|---|
| 2.2.2 | Refresh the Statewide IT Strategic Plan through the IT shared services governance framework. Advance statewide IT efficiency and innovation by expanding the adoption of shared services, developing and enforcing standards, and identifying cost-savings opportunities through strategic consolidation, modernization and collaboration across agencies. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | OTIS | Improve customer experience | State agencies and agency customers | 1002.350100.000 | |
| 3.1 | Develop a proactive and diversified approach to recruit and develop qualified employees. | | | | | | | | | | | | State Objective: Education, Training, and Human Development |
| 3.1.1 | Develop a comprehensive onboarding and transition guide for newly elected, appointed and hired state government leadership to ensure a smooth transition of responsibilities and increase awareness of government operations. | 0% | 100% | Percent complete | Complete | Other | Timeliness | Internal records | OED | Training for new agency leadership. | State agencies, agency employees, and agency customers | 1005.100000.000 | |
| 3.2 | Identify and advance services provided through Admin. | | | | | | | | | | | | State Objective: Government and Citizens |
| 3.2.1 | Implement multiple pre-migration projects for the SCEIS upgrade program designed to reduce the risk, minimize business disruption and impacts on end users in preparation of the migration to the upgraded SAP cloud platform. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | DEA | Continued improvement of SCEIS functionality. | State agencies and agency customers | 1004.200000.000 | |

| Perf. Measure Number | Description | Base | Target | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|----------------------|---|------|--------|------------------|-----------------|-------------------|--------------------|------------------|---------------|------------------------------|-------------------------------------|---|-------|
| 3.2.2 | In collaboration with the State Fiscal Accountability Authority, implement an statewide electronic procurement solution to replace the current Supplier Relationship Management module in SCEIS. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | DEA | Improve customer experience. | State agencies and agency customers | 1000.150501.000 | |
| 3.3 | Provide leadership and support to enhance and mature information security and privacy and advance the protection of citizens' data. | | | | | | | | | | | | |
| 3.3.1 | Implement a modernized Security Information and Event Management (SIEM) platform and deploy a new statewide Endpoint Detection and Response (EDR) capability to strengthen cybersecurity across all state agencies. The SIEM and EDR tools will enhance cybersecurity monitoring to provide enhanced visibility, faster threat detection, and more efficient incident response. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | DIS | Risk Remediation | State agencies and agency customers | 1001.250100.000 | |

| Perf. Measure Number | Description | Base | Target | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|----------------------|---|------|--------|------------------|-----------------|-------------------|--------------------|------------------|---------------|----------------------------|---|---|--|
| 3.3.2 | Implement the Cyber Risk Governance Program to provide statewide visibility into cybersecurity risks and ensure targeted, data-driven decisions. The program will introduce a centralized Cyber Risk Dashboard that tracks cyber risk profiles across all state agencies and the state as a whole. This initiative will guide future cyber investment, improve risk assessment and mitigation efforts, and ensure accountability through visualization and continuous monitoring. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | DIS | Risk Remediation | General public, state agencies and agency customers | 1001.250100.000 | |
| 3.3.3 | As part of this multi-year effort, the Division of Information Security (DIS) will continue to conduct comprehensive security control assessments using the SC/DIS-200 Security Framework. These assessments will provide agencies with a clear understanding of their current security posture, highlight opportunities for improvement, and drive consistent, statewide alignment with best practices in cybersecurity. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | DIS | Increase data privacy | General public, state agencies and agency customers | 1001.250100.000 | |
| 4.1 | Assess, develop and deploy resources and tools to promote consistent business processes and standards across state government. | | | | | | | | | | | | State Objective: Government and Citizens |

| Perf. Measure Number | Description | Base | Target | Value Type | Desired Outcome | Time Applicable | Calculation Method | Data Source | Data Location | Stakeholder Need Satisfied | Primary Stakeholder | State Funded Program Number Responsible | Notes |
|----------------------|--|------|--------|------------------|-----------------|-------------------|--------------------|------------------|---------------|--|-------------------------------------|---|--|
| 4.1.1 | Capital Asset Planning System - Phase II. This project will automate the current manual PIP process, which will improve the quality of the submissions, expedite the review process, and make processing of each submission easier. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | EBO | Capital Asset Planning System automation | State agencies and agency customers | 1004.050000.000 | |
| 4.1.2 | Admin is participating in the Job Order Contracting pilot program through SFAA consistent with Proviso 117.151 of the FY 25-26 Appropriations Act. This pilot will streamline and expedite the procurement and contracting process by having a pool of prequalified contractors available to bid on job orders, and ensures bids are awarded to qualified contractors to perform the work of general contractors, roofers, HVAC, plumbers, and electricians. | 0% | 100% | Percent complete | Complete | State Fiscal Year | Timeliness | Internal records | FMPS | Improve efficiency | State agencies and agency customers | 1000.150501.000 | |
| 4.2 | Enhance the public's awareness of the use of the state's resources. | | | | | | | | | | | | State Objective: Government and Citizens |
| 4.2.1 | Engage an external vendor to evaluate and provide recommendations for improving the agency process, accessibility, usability, reporting and overall user experience of annual agency accountability reports, with the goal of enhancing transparency, shared metrics, data-driven decision-making and relevance. | 0% | 100% | Percent complete | Complete | Other | Timeliness | Internal records | EBO | Improve efficiency and accountability | State agencies and agency customers | 1004.050000.000 | |

| Enterprise Content Management | Various State Agencies | N/A | Office of Technology and Information Services (OTIS) | Document imaging, workflows and storage | Not having this service would require agencies to use their own resources thereby increasing costs and contravening the state strategy of shared services. | No Change | | |
| Network Security (VPN) | Various State Agencies | N/A | Office of Technology and Information Services (OTIS) | Encrypted network connection | Not having this service would require agencies to use their own resources thereby increasing costs and contravening the state strategy of shared services. | No Change | | |
| Email only | Various Local Governments | N/A | Office of Technology and Information Services (OTIS) | Workplace email | Not having this service would require agencies to use their own resources thereby increasing costs and contravening the state strategy of shared services. | No Change | | |
| Internet | Various Local Governments | N/A | Office of Technology and Information Services (OTIS) | Internet service | Not having this service would require agencies to use their own resources thereby increasing costs and contravening the state strategy of shared services. | No Change | | |
| MetroNet | Various Local Governments | N/A | Office of Technology and Information Services (OTIS) | Statewide resource network connectivity | Not having this service would require agencies to use their own resources thereby increasing costs and contravening the state strategy of shared services. | No Change | | |
| LAN support | Various Local Governments | N/A | Office of Technology and Information Services (OTIS) | Router and Switch Support/Maintenance | Not having this service would require agencies to use their own resources thereby increasing costs and contravening the state strategy of shared services. | No Change | | |
| K-12 internet | Various School Districts | N/A | Office of Technology and Information Services (OTIS) | Internet service | Not having this service would require agencies to use their own resources thereby increasing costs and contravening the state strategy of shared services. | No Change | | |
| Dark fiber | Various School Districts | N/A | Office of Technology and Information Services (OTIS) | Network connectivity | Not having this service would require agencies to use their own resources thereby increasing costs and contravening the state strategy of shared services. | No Change | | |

| Description of Service | Description of Direct Customer | Customer Name | Others Impacted by Service | Division or major organizational unit providing the service. | Description of division or major organizational unit providing the service. | Primary negative impact if service not provided. | Changes made to services during FY2025 | Summary of changes to services |
|--|--|--|--|--|--|--|--|--------------------------------|
| Voice and data communications | Various State agencies and local governments | N/A | Office of Technology and Information Services (OTIS) | Communications Interoperability | FEMA requires a state authority as a central coordinating body for ESF-2 functions. | Amend | Amended the customer to include both state agencies and local governments. | |
| Voice and data radio communications | Various Federal Government agencies and branches including national defense assets | N/A | Office of Technology and Information Services (OTIS) | Communications Interoperability | FEMA requires a state authority as a central coordinating body for ESF-2 functions. | No Change | | |
| Disaster Recovery Planning | Various State Agencies | N/A | Office of Technology and Information Services (OTIS) | Development of disaster recovery plans for agency applications. Table top testing and cloud-based storage of plans. | Agencies would lack a coordinated, proactive program to plan and provide contingencies for the protection of their vital systems and data. | No Change | | |
| Disaster Recovery Hosting | Various State Agencies | N/A | Office of Technology and Information Services (OTIS) | Hosting facility for agency applications and data through DTO DR contract | Agencies would lack a coordinated, proactive program to plan and provide contingencies for the protection of their vital systems and data. | No Change | | |
| Specific IT Shared Services Procurements | OTIS and Various State Agencies | SFAA | Office of Technology and Information Services (OTIS) | Procurement of IT services through commercial providers at a state enterprise level for shared services. | Agencies would not benefit from economies of scale available through shared services IT contracts, thus raising their costs for these services while also losing centralized management and oversight of the vendor and the service quality. | No Change | | |
| Data Center Services | Various State Agencies | Some contracted vendors providing services to state agencies | Office of Technology and Information Services (OTIS) | Secure data center services for server, storage, and backup hosting. Secure network hub for Wide Area Networking and Cloud Services. | The state would lack a dedicated facility for secure server, storage, and backup hosting. Secure network hub for cloud service connectivity. This would throw agencies onto their own resources or onto commercial providers, increasing their costs, and their information security risk. | No Change | | |
| Cabling and Wiring | Various State Agencies | N/A | Office of Technology and Information Services (OTIS) | Site plat surveys, network wiring design, network wiring implementations, vendor management | Agencies would lack a centralized state office to provide these services, throwing them back on their own resources, increasing their costs and contravening the state strategy for shared services | No Change | | |

| Description of Service | Description of Direct Customer | Customer Name | Others Impacted by Service | Division or major organizational unit providing the service. | Description of division or major organizational unit providing the service. | Primary negative impact if service not provided. | Changes made to services during FY2025 | Summary of changes to services |
|---|---|--|--|--|--|--|--|--------------------------------|
| Statewide Technology Architecture and Governance | Proviso Agencies | N/A | Office of Technology and Information Services (OTIS) | Develop technology standards for IT products and services and the architecture of IT systems and processes | Agencies would lack clear direction and case of procurement in obtaining critical IT products, both in software and hardware; thereby, greatly increasing both purchase and support costs for the state, and impeding interoperability between agencies that need to share data. Data security risk is also increased. | No Change | | |
| Provide technical service support to agencies using shared services | State Agencies | N/A | Office of Technology and Information Services (OTIS) | IT Service Management- Service Desk | Agencies would not benefit from economies of scale available through shared services IT contracts, thus raising their costs for these services while also losing centralized management and oversight of the vendor and the service quality. | No Change | | |
| Admin DTO provides statewide project oversight for significant information Technology (IT) projects and statewide IT initiatives. This construct allows Admin DTO visibility into project health measures to promote project success across the state enterprise. | State agencies | State agencies | Office of Technology and Information Services (OTIS) | OTIS Division of Technology Operations (DTO) | Admin would not monitor or provide statewide project oversight for large-scale statewide IT projects and statewide IT initiatives. | Add | Adding additional detail about Admin DTO | |
| Constituent Services | State agencies, local governments, South Carolinians, or people with ties to South Carolina and resources | Members of the public outside of South Carolina and community partners | Ombudsman | Assist constituents in referring them to the proper local/state/federal or non-profit that is best suited to assist them with their situation. | Members of the public would not be able to receive services, guidance, or resources. | No Change | | |
| SCEIS implements, maintains and supports the state's system for all accounting, budgeting, human resources, procurement and ancillary functions of administration for all state agencies. | State agencies | N/A | SC Enterprise Information Systems (SCEIS) | SCEIS serves as the central administrative system for state agencies for accounting, budgeting, human resources and procurement activities. | State agencies would be unable to do any of their administrative functions or business. | No Change | | |

| Description of Service | Description of Direct Customer | Customer Name | Others Impacted by Service | Division or major organizational unit providing the service. | Description of division or major organizational unit providing the service. | Primary negative impact if service not provided. | Changes made to services during FY2025 | Summary of changes to services |
|---|---|---|---|---|---|--|--|--------------------------------|
| SCEIS implements, maintains and supports the state's system and all accounting, budgeting, human resources, procurement and ancillary functions of administration for all state agencies. | Vendors who utilize the SCEIS system to register for all accounting, budgeting, procurement on goods/services and ancillary functions of administration for all state agencies. | N/A | SC Enterprise Information Systems (SCEIS) | SCEIS serves as the central administrative system for state agencies for accounting, budgeting, human resources and procurement activities. | Vendors would not be able to successfully bid on potential state contracts. | No Change | | |
| SCEIS implements, maintains and supports the state's system and all accounting, budgeting, human resources, procurement and ancillary functions of administration for all state agencies. Some HR functionality provided to the state's colleges/universities and technical colleges. | State Funded Colleges/Universities and Technical Colleges | SC Enterprise Information Systems (SCEIS) | SCEIS serves as the central administrative system for state agencies for accounting, budgeting, human resources and procurement activities. | State Funded Colleges/Universities and Technical Colleges would not be able to transmit HR data to DSIR as required by law. | No Change | | | |
| SC.Gov | State agencies and citizens | Counties and municipalities | Strategic Communications | Digital gateway | Lack of a one stop shop online resources for government information for SC citizens | Add | Adding additional detail about Admin's shared services | |
| Provide requested information for general media requests and national media FOIA requests. | Various local, state and media FOIA requests. | Public | Strategic Communications | Media responses | Lack of transparency and credibility | No Change | | |
| Answer FOIA and general information requests. | Citizens and various local, state and national media | Public | Strategic Communications | FOIA inquiries | Timely responses are required by law. Lack of transparency and credibility as well. | No Change | | |
| Operate and manage state social media accounts | State agencies and citizens | State agencies and citizens | Strategic Communications | Social Media - SC Careers | Limit impact on recruiting for state government jobs | No Change | | |

2025

Partnerships Data

as submitted for the Accountability Report by:
