Please explain how these funds will be used to provide a public benefit:

This renovation project will restore the original City Hall building and return it to the heart of Downtown Honea Path. The building had begun falling into significant disrepair. The business and governmental functions were relocated in 2007 to a nearby former schoolhouse facility.

The goal is to return Town Hall operations to the downtown district. Upon completion, the building will house the offices of the Mayor and Administrator, along with the Clerk/Treasurer and utility billing and payment services. The ADA-accessible second floor will accommodate City Council chambers and other municipal functions.

The project can be a vital component of the town's revitalization strategy as it implements "Downtown Honea Path" as supported by the statewide initiative Main Street South Carolina.

Returning Town Hall to the downtown district will provide a public benefit to residents, contractors, business entities, and visitors. This can enhance existing merchants and new businesses to improve other properties.
