Fiscal Year 2020-21 Agency Budget Plan

FORM A - BUDGET PLAN SUMMARY

**OPERATING
REQUESTS
(FORM B1)**

For FY 2020-21, my agency is (mark "X"):	
<input checked="" type="checkbox"/>	Requesting General Fund Appropriations.
<input type="checkbox"/>	Requesting Federal/Other Authorization.
<input type="checkbox"/>	Not requesting any changes.

**NON-RECURRING
REQUESTS
(FORM B2)**

For FY 2020-21, my agency is (mark "X"):	
<input checked="" type="checkbox"/>	Requesting Non-Recurring Appropriations.
<input checked="" type="checkbox"/>	Requesting Non-Recurring Federal/Other Authorization.
<input type="checkbox"/>	Not requesting any changes.

**CAPITAL
REQUESTS
(FORM C)**

For FY 2020-21, my agency is (mark "X"):	
<input type="checkbox"/>	Requesting funding for Capital Projects.
<input checked="" type="checkbox"/>	Not requesting any changes.

**PROVISOS
(FORM D)**

For FY 2020-21, my agency is (mark "X"):	
<input checked="" type="checkbox"/>	Requesting a new proviso and/or substantive changes to existing provisos.
<input type="checkbox"/>	Only requesting technical proviso changes (such as date references).
<input type="checkbox"/>	Not requesting any proviso changes.

Please identify your agency's preferred contacts for this year's budget process.

--------------------------------	---

What specific strategy, as outlined in the FY 2019-20 Strategic Planning and Performance Measurement template of agency's accountability report, does this funding request support? How would this request advance that strategy? How would the use of these funds be evaluated?

RECIPIENTS OF FUNDS	SCDMV Employees
----------------------------	-----------------

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

South Carolina Department of Motor Vehicles Budget Submission High-Level Overview

The South Carolina Department of Motor Vehicles (SCDMV) is requesting \$9.8 million in order to create a Career Pathing Plan that would consist of reclassifications, salary adjustments and increases based on years of service. Consideration and approval of the additional funding would allow the SCDMV to address its high turnover rate and associated costs. Departing employees continue to emphasize to the agency that SCDMV salaries are non-competitive with other state agencies positions that accomplish comparable work. By recognizing the importance of the work employees do at the SCDMV in protecting the personal information of and serving nearly every individual adult South Carolinian, the agency will be better able to retain our most experienced and critical-need employees.

Key Considerations Detailed in this Request

- Currently, SCDMV is not able to offer career pathing plans for employees due to the agency’s insufficient personnel budget, which came from its long-standing status as a non-appropriated agency.
- Pay equity and salary compression are issues due to the difference of salaries, wherein newly joined employees earn close to the same as more experienced employees do.
- Turnover has a detrimental effect on the agency, as we are losing a third of our employee base each year.
- Approximately 70% percent of SCDMV positions are paid less than the state average salary amount for similar positions in the same classification.
- We are competing not only with all other state agencies, who pay more than we do in most job classifications, we are competing externally with the private sector where \$15 dollars per hour is the competitive rate.
- SCDMV’s overall compa-ratio is 85 percent, which is in the bottom third of all state agencies.
- The entry level, Customer Service Representatives (CSRs) are incorrectly classified as Administrative Assistant AA50’s, when the work that they do more closely aligns with Paralegals.
- The transaction count in SCDMV Field Offices has increased by 17 percent over the past six years and the agency has not increased its headcount to keep up with this demand.

JUSTIFICATION OF REQUEST

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

South Carolina Department of Motor Vehicles Budget Submission Justification

The South Carolina Department of Motor Vehicles (SCDMV) would like to request additional reoccurring funding in order to create a Career Pathing Plan for our employees for equity and retention purposes. With this additional funding, in partnership with the Division of State Human Resources (DSHR), SCDMV will create a Career Pathing Plan for our employees that will help us to retain our talented employee workforce. SCDMV consistently invests hundreds of hours of detailed and extensive training into our employees, equating to thousands of dollars per employee in onboarding and turnover costs. SCDMV is requesting \$9.8 million in order to create a Career Pathing Plan that would consist of reclassifications, salary adjustments and increases based on years of service. The breakdown of this \$9.8 million request is \$7.7 million for the costs associated with the Career Pathing Plan and the remainder \$2.1 million would be to cover associated fringe costs.

SCDMV's low pay rates make it extraordinarily difficult to compete with other State Agencies and private industry and as such, the agency experiences an extremely high turnover rate annually. In order to maintain our exceptional customer service, retain a qualified workforce, and reduce training costs for approximately a third of our workforce annually, SCDMV would appreciate your consideration of our request. While SCDMV recognizes \$9.8 million is a large sum of money, this amount is being requested to create a career pathing plan that includes: locality increases, promotional increases, step increases to reward employees for time with the agency and salary adjustments to recognize specialty services such as being certified in international services and being multi-lingual. Other state agencies have been appropriated for similar plans.

SCDMV Historical Information and Current Revenue Collected for the State

In June 2003, SCDMV became a stand-alone cabinet agency reporting to the Governor. Prior to this time, SCDMV had been a division within several other state agencies (Department of Revenue, Department of Transportation, and Department of Public Safety). When SCDMV converted from a division within an agency to a stand-alone agency, salaries remained the same. For example, at the time, the salary of the Deputy Director of the Division of Motor Vehicles stayed the same and became the salary of the Executive Director of the Department of Motor Vehicles. As such, all other salaries remained in line.

Additionally, prior to FY2017, SCDMV was a non-appropriated state agency and received no state appropriated dollars. During the timeframe of 2003 to 2017, when the state would pass a cost of living adjustment (COLA), SCDMV had to absorb the cost of \$8.4 million within our budget, as the agency was not given general funds to cover the increase. Each percentage point given as the COLA, increased SCDMV's salary and fringe cost by \$500,000. Likewise, operating cost were increasing with no increases in fees. Given the fact that SCDMV was a non-appropriated state agency up until three years ago and had to absorb all increases in costs with current revenue streams, the agency has been unable to sustain the state salary average in almost every job class.

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

For FY2019, SCDMV collected \$668 million for our state and dispersed \$642.3 million to other state agencies as well as non-state agencies, colleges, universities and special interest groups. Some of the state agencies that receive SCDMV collected revenues are: SC Department of Transportation—\$417 million, State Infrastructure Bank—\$123 million, SC Department of Education—\$40 million, State Treasurer’s Office—\$28 million and SC Department of Public Safety—\$19 million. SCDMV retained only \$2.7 million out of the \$668 million revenues collected after deducting \$4 million for plate replacement. As information, the revenue that SCDMV collects has doubled with the passing of the roads bill.

SCDMV Current Day and Challenges Faced

SCDMV currently has 1309 classified positions and six unclassified positions. Our total personnel budget currently is \$62.7 million (total salary plus fringe) and our average agency annual salary is \$31,100. When comparing this to other cabinet agencies of similar size or even smaller, the personnel budgets and average agency annual salaries are disproportionate.

The total agency turnover for FY2019 was 30 percent. The largest staffed division within our agency, Field Operations, experienced a 32 percent turnover rate for FY2019. Approximately 70 percent of SCDMV positions are paid less than the state average salary amount for similar jobs in the same classification. It is also important to note that because SCDMV has not had the funding, employees who have been here 20+ years are making almost the same as employees working for less than a year, doing the exact same job. This can be extremely demotivating to our tenured employees who have to carry the burden of knowledge as well as continually train all new employees who are on-boarded. We are competing not only with all other state agencies, who pay more than we do in most job classes, we are competing externally with the private sector where \$15 dollars per hour is the competitive rate. As information, Amazon recently pledged to raise its minimum to \$15, with Costco following suit and Target moving to \$15 an hour in 2020. In comparing this rate to SCDMV salaries, 62 percent of SCDMV employees make less than \$15 dollars and hour, or \$31,200 annually. Given the inequity in salaries when compared to private and public sector, the SCDMV simply cannot compete.

According to the [Classification and Compensation System Study Project](#) that the state funded in 2016, one major focus on this report is the compa-ratio formula. The compa-ratio formula is commonly used by human resource professionals to assess the competitiveness of an employee’s pay level. It is the salary expressed as a percentage of the mid-point of a pay band. SCDMV’s overall compa-ratio is 85 percent, which is in the bottom third of all state agencies. The executive summary portion of this report states “when viewed in conjunction with a comparison with the market, shows current salaries lagging other States by an average of 15%, lagging the in-State public sector market by 16% and lagging the in-State private sector market by 18%, means that the State’s pay band midpoints and actual pay is uncompetitive. This creates challenges both in recruitment and retention of qualified employees.” The report also states, “Unlike in some other States where the overall competitiveness of the benefits package offsets the level of competitiveness of salaries, this is not the case for the State. While annual leave and holidays are above market, the 8.16% employee contribution to the retirement plan is the highest in the Southeastern States and significantly higher than employee contributions to defined benefit plans in the private sector.” Please note that this employee contribution increased since this study was completed and is now 9 percent.

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

The report also states, “The employee cost sharing of 21.3% for healthcare is above the 7-15% in other State Governments and in line with the 15-29% in the private sector. The analysis shows that the level of competitiveness of benefits should not be a distraction from dealing with the main focus of the recommendations, that being a redesign of the classification and compensation plan and a move towards funding of salaries to a more competitive level.” For entry-level positions at SCDMV, who on average make approximately \$12 an hour, the take home pay amount is staggeringly low. For a married employee who has family medical coverage, her gross earnings per paycheck equals \$1,041. Her total deductions per paycheck, which includes her 9 percent retirement deduction, family medical costs and life insurance, equals \$317 with \$173 going to taxes. Her net pay per paycheck is \$551. For a single employee who has medical coverage for himself only, his gross earnings per paycheck equals \$1041. His total deductions per paycheck equals \$158, with taxes being \$165, making his net pay per paycheck \$718.

The largest group of SCDMV employees, the entry level Customer Service Representatives (CSRs) are incorrectly classified as Administrative Assistants (class code AA50). These are public facing, mission critical positions and the complexity of the various roles in our Field Offices and in Headquarters increase substantially from there. SCDMV struggles to compete internally with other state agencies, as the majority of agencies have AA50’s in administrative/secretarial type roles that have duties such as answering the telephone, typing up word documents, responding to emails, etc. The type of responsibility that is placed on CSR’s, more closely aligns with the paralegal classification as it pertains to interpreting law and making critical decisions with the private and secure information for the citizens of South Carolina. The employees in our Field Offices and Headquarters have to know over 400 transaction types that heavily involve interpreting law and analyzing critical customer data. SCDMV has requested to be a part of next year’s classification study with DSHR to either create our own classification series to align more properly with the work our employees do or edit the classification series for our License Examiners (JA90/JA92/JA95), to better align with all positions in our Field offices.

The transaction count in SCDMV Field Offices has increased by 17 percent over the past six years and the agency has not increased its headcount to keep up with this demand. With the very high turnover amount and increase in transactions, the majority of our Field offices cannot properly schedule time off for our employees. SCDMV employee morale is adversely impacted by the pay inequities and increase in transaction counts. SCDMV employees raise concerns through exit surveys about inadequate pay for the work that they do. Employees also raise concerns around not being able to use their earned state benefit of annual and sick leave. These employee concerns are due to the demands that turnover and the increase in transaction count have placed on our employees. We require our field offices to meet the 20-minute wait time standard and management struggles to allow employees to take off the time that they desire and need. Just in the Field Operations division alone, as of September 2019, the annual and sick leave balance for our 739 employees equals 336,007 hours. This number represents approximately 12 weeks of annual and sick leave that each of these 739 employees have not been able to use. In addition, for FY2019, 150 SCDMV employees had to forfeit 4,112 hours, due to not being able to take their annual and sick leave. The impacts of pay inequity and employees not being able to take their earned annual and sick leave result in low morale across the agency.

The agency strives every day to meet and exceed our strategic goals and deliver exceptional customer service. The details of SCDMV's Strategic Plan are outlined on the last portion of this document. Meeting these critical deliverables has become challenging, given the increase in transactions, high turnover rates, and overall low employee morale. The work that SCDMV does is critical for our state. Consideration and approval of the additional funding would allow the SCDMV to address its high turnover rate and associated costs. Departing employees continue to emphasize to the agency that SCDMV salaries are non-competitive with other state agencies positions that accomplish comparable work. By recognizing the importance of the work employees do at the SCDMV, in protecting the personal information of and serving nearly every individual adult South Carolinian, the agency will be better able to retain our most experienced and critical-need employees. Thank you for your consideration of this very critical agency request.

South Carolina Department of Motor Vehicles Mission and Vision

SCDMV's mission is to administer the State's motor vehicle licensing and titling laws by maintaining strict controls to deliver secure and valid identification, licenses, property records, all while accurately accounting for the receipt and timely distribution of all revenue collected in order to best serve our citizens. Our vision is to be a model state agency who delivers exceptional customer service and promotes effective and efficient business processes, professional employees, innovative technology and strategic partnerships.

SCDMV's Strategic Goals and Performance Measures

1. Deliver an excellent customer service experience while upholding the existing laws that govern agency operations.
 - Ensure the average initial wait time for a customer stays below 20 minutes per business day.
 - Ensure Revenues collected are distributed in order to provide financial support to outside organizations.
 - Reduce backlogs to ensure a five-business-day turnaround standard.
2. Modernize customer delivery service methods
 - Increase amount of services available online
 - Secure legislative support for modernization and efficiency efforts
 - Leverage partnerships for deliverability of products and services
3. Minimize the risk of fraud and breaches .
 - Increase SCDMV security posture of our network infrastructure for B2B transactions to better protect SC citizen's data.
 - Maintain and increase internal and external auditing functions.
 - Retain effective measures to reduce fraud and introduce new measures when appropriate.

ACCOUNTABILITY OF FUNDS	<p>Phoenix is DMV's internal transaction database and principle information system, containing all of the State's current and historical vehicle and driver records. Therefore, this request supports all DMV strategies.</p>
--------------------------------	---

What specific strategy, as outlined in the FY 2019-20 Strategic Planning and Performance Measurement template of agency's accountability report, does this funding request support? How would this request advance that strategy? How would the use of these funds be evaluated?

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

RECIPIENTS OF FUNDS	Contractors and Vendors
----------------------------	--------------------------------

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST	<p>Phoenix is DMV’s internal transaction database and principal information system. The COBOL-based Phoenix application was developed in the late 1990’s and implemented in August 2002.</p> <p>DMV has applied approximately 11,000 modifications to the Phoenix system since 2004. With over 11,000 modifications, and twenty years of age, Phoenix will become unmaintainable without modernization.</p> <p>The business processing behind Phoenix is hosted in COBOL which is a legacy computer language. COBOL programmers are nearing retirement and are increasingly difficult to replace. Within the next several years, DMV will have very limited staff with experience to maintain and support the existing IT architecture.</p> <p>Without modernization, DMV will have limited ability to implement changes in law and changes required by law enforcement. An unreliable system will also negatively impact our customers.</p> <p>SCDMV, and the State of South Carolina, can no longer delay Phoenix modernization. It is imperative that DMV gains funding to begin this modernization process.</p> <p>DMV is projecting a total cost of \$24.5M to implement a full system modernization over four to five years. The first year of our modernization effort will require \$4M in funding.</p> <p>This first year will involve hiring appropriate program / project management personnel and laying out the strategy and detailed plans for modernizing the Phoenix system over the next 4 years. The intended product of the first year will be appropriate contract and resource assignment to accomplish this project.</p>
---------------------------------	--

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. Does this non-recurring appropriation request create an annualization or need for recurring funds?

RECIPIENTS OF FUNDS	DMV employees and vendors
----------------------------	---------------------------

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST	<p>The federal deadline for Real ID is October 1, 2020 (State of SC FY2020-21). DMV expects a high level of requests for Real ID's as the federal deadline approaches. DMV also expects high levels of requests after the federal deadline, when citizens realize they can no longer use their non-Real ID credentials for federal identification (air travel).</p> <p>DMV originally requested Real ID funding for three years – FY18 through FY20. Our original request was based on South Carolina citizens proactively obtaining Real ID credentials. However, DMV data suggests that many of our citizens have procrastinated obtaining their Real ID credentials. Based on current trends, we project to have over One Million outstanding Real ID requests at the end of FY20.</p> <p>DMV is requesting \$4.2 million in Earmarked Authority to continue our Real ID program through FY21.</p> <table border="0"> <tr> <td>Salaries/Employer Contributions</td> <td>\$2,920,000</td> </tr> <tr> <td>Credential Supplies</td> <td>\$755,000</td> </tr> <tr> <td>Travel/Mileage</td> <td>\$125,000</td> </tr> <tr> <td>Advertising</td> <td>\$150,000</td> </tr> <tr> <td>Software Licenses/Contractual</td> <td>\$250,000</td> </tr> <tr> <td>Total</td> <td>\$4,200,000</td> </tr> </table> <p>It is crucial that DMV receives this earmarked authority. If authority is not received, DMV will not have the resources required to service the high level of Real ID's requested by South Carolina citizens.</p>	Salaries/Employer Contributions	\$2,920,000	Credential Supplies	\$755,000	Travel/Mileage	\$125,000	Advertising	\$150,000	Software Licenses/Contractual	\$250,000	Total	\$4,200,000

ACCOUNTABILITY OF FUNDS	1.2 Ensure Revenues collected are distributed in order to provide financial support to outside organizations
	2.1 Increase amount of services available online
	2.2 Secure legislative support for modernization and efficiency efforts
	3.2 Maintain and increase internal and external auditing functions

What specific strategy, as outlined in the FY 2019-20 Strategic Planning and Performance Measurement template of agency's accountability report, does this funding request support? How would this request advance that strategy? How would the use of these funds be evaluated?

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

RECIPIENTS OF FUNDS	Vendors and contractors
----------------------------	-------------------------

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST	<p>The current Motor Carrier Services (MCS) system was implemented in May of 2010 and there have been no upgrades since that time. The lack of support and inability to effectively upgrade, impacts modernization efforts. Current, less innovative practices, impacts the efficiency of MCS and the ability to provide services to carriers and to provide updates for law enforcement to support safer South Carolina highways.</p> <p>MCS has applied for a Federal High Priority Grant to assist with advancements in technology. If awarded, the grant will provides \$1,520,438 (85%) of funding needed for the upgrade. MCS requests funding for the remaining \$268,312 (15%). The total cost for the upgrade is \$1,788,750.</p> <p>It is the objective of SCDMV Motor Carrier Services to provide customers with mobile accessibility via Smart Phone or Tablet. In addition to providing a mobile application, it is our desire to provide real time data reporting. Such reporting would enhance law enforcement’s ability to efficiently evaluate the carrier’s safety.</p> <p>The upgrade will allow Federal Motor Carrier Service Administration updates (Out Of Service orders, Tax Identification Number assignments, carrier name changes, USDOT number applications) to be accessible in real time as opposed to waiting 24-48 hours for FMCSA data. Law enforcement will also be able to receive the status of carriers (OOS, suspensions) in real time via CVIEW/SAFER.</p> <p>Efficient and timely data will be provided for all jurisdictions. It is imperative to have innovative and current technical practices to enforce and support motor carrier safety.</p>
---------------------------------	---

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. Does this non-recurring appropriation request create an annualization or need for recurring funds?

FORM D – PROVISIO REVISION REQUEST

NUMBER **82.2**

Cite the proviso according to the renumbered list for FY 2020-21 (or mark "NEW").

Cost Recovery Fee/Sale of Photos or Digitized Images

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM **I. Administration 0100.000000.000**

Identify the associated budget program(s) by name and budget section.

RELATED BUDGET REQUEST No

Is this request associated with a budget request you have submitted for FY 2020-21? If so, cite it here.

REQUESTED ACTION **Amend**

Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES AFFECTED None

Which other agencies would be affected by the recommended action? How?

SUMMARY & EXPLANATION

The proviso currently authorizes the collection of various fees related to DMV deliverables. The added language sets specific guidance for FOIA fees—since the DMV does not have the authorization to retain those fees, they are currently distributed to the general fund. However, since the DMV is only allowed to charge fees to cover the costs of producing a FOIA, the agency should be able to retain the revenue to cover its costs. The added language in this proviso will accomplish that goal. This was a recommendation supported by our Legislative Oversight subcommittee.

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

FISCAL IMPACT	<p>Would allow the DMV to retain the reimbursement of costs associated with fulfilling a FOIA request. The general fund would see a very minute decrease, but the DMV would no longer worry about how many FOIA requests may pop up at any given time that could quickly deplete resources.</p>
----------------------	---

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

PROPOSED PROVISIO TEXT	<p>(DMV: Cost Recovery Fee/Sale of Photos or Digitized Images) The Department of Motor Vehicles may collect processing fees and fees to recover the costs of the production, purchase, handling and mailing of documents, publications, records and data sets. <u>The Department of Motor Vehicles may collect and retain fees to defray the costs associated with fulfilling a Freedom of Information Act (FOIA) request.</u> The amount charged by the Department of Motor Vehicles for any fees collected pursuant to this proviso may not exceed the rates that the department charged as of February 1, 2001. The Department of Motor Vehicles may not sell, provide or otherwise furnish to private parties, copies of photographs, whether digitized or not, taken for the purpose of a driver's license or personal identification card. Photographs and digitized images from a driver's license or personal identification card are not considered public records. Funds derived from these sources shall be retained by the department.</p>

TITLE	Temporary License Plate Revenue Direction
--------------	--

Provide the title from the FY 2019-20 Appropriations Act or suggest a short title for any new request.

BUDGET PROGRAM	II. A. 2. Customer Service Delivery - Plate Replacement
-----------------------	--

Identify the associated budget program(s) by name and budget section.

RELATED BUDGET REQUEST	No
-------------------------------	----

Is this request associated with a budget request you have submitted for FY 2020-21? If so, cite it here.

REQUESTED ACTION	Add
-------------------------	------------

Choose from: Add, Delete, Amend, or Codify.

OTHER AGENCIES AFFECTED	None
--------------------------------	------

Which other agencies would be affected by the recommended action? How?

SUMMARY & EXPLANATION	<p>When S.1083, authorizing a trackable temporary license plate was passed in 2018, the law was silent as to where the revenue collected by the DMV (\$5 per temporary license plate issued) should be distributed. The prior law, when temporary tags were not trackable, authorized the DMV to retain the revenue collected and place it in the Plate Replacement Fund to cover the DMV’s cost of producing and issuing the temporary plates. However, when the law changed to make the plates trackable, it left out any indication of where the revenue should be directed. In the absence of explicit statutory direction, the revenue has since been remitted to the General Fund.</p> <p>To produce the temporary tags, the DMV is using funds from its existing Plate Replacement Fund (which is sourced from the \$2 the DMV retains from the biennial fee on standard license plates to cover the cost of a plate over its 10-year life cycle). By using funds for temporary tags with no revenue entering the account to cover their cost, the DMV’s ability to cover the cost of re-issuing plates will be placed in jeopardy. The DMV and SCADA (the forces behind the bill) both agree that the changes of the law were not meant to alter the DMV’s availability to retain the revenue. Therefore, we respectfully request a proviso be added to allow the DMV to retain the revenue it previously retained for temporary tags as it was inadvertently left out of the law rewrite.</p>
----------------------------------	--

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it. Explain the need for your requested action. For deletion requests due to recent codification, please identify SC Code section where language now appears.

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

FISCAL IMPACT	<p>Would allow the DMV to retain the cost of the trackable temporary plate it issues. That is statutorily limited to \$5/plate. That covers our cost of production and the revenue would be solely earmarked for the purpose of covering costs of plate replacement.</p>
----------------------	--

Provide estimates of any fiscal impacts associated with this proviso, whether for state, federal, or other funds. Explain the method of calculation.

PROPOSED PROVISIO TEXT	<p>For the current fiscal year, the department shall be authorized to retain the revenue collected from the sale of trackable temporary license plates. The funds shall be placed in the department's Plate Replacement Fund and used solely for the purposes of plate production and reissuance costs.</p>
-------------------------------	---

Paste FY 2019-20 text above, then bold and underline insertions and strikethrough deletions. For new proviso requests, enter requested text above.

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

**FORM E – AGENCY COST SAVINGS AND GENERAL FUND REDUCTION
CONTINGENCY PLAN**

TITLE	Agency Cost Savings and General Fund Reduction Contingency Plan
--------------	---

AMOUNT	\$2,740,452
---------------	-------------

What is the General Fund 3% reduction amount (minimum based on the FY 2019-20 recurring appropriations)? This amount should correspond to the reduction spreadsheet prepared by EBO.

ASSOCIATED FTE REDUCTIONS	None
----------------------------------	------

How many FTEs would be reduced in association with this General Fund reduction?

PROGRAM/ACTIVITY IMPACT	<p>Customer Service Centers, Administration, Procedures & Compliance (Driver Services), Customer Service Delivery (Vehicle Services), Office of Inspector General, Technology and Program Development</p>
--------------------------------	---

What programs or activities are supported by the General Funds identified?

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

SUMMARY	<p>If the Department is mandated to take a 3% General Fund reduction, DMV would postpone equipment refresh in the amount of \$800,000. Although unsustainable for multiple years, this would prevent a significant impact on customer services in the current year.</p> <p>Secondly, DMV would eliminate temporary employees in the amount of \$1,700,000. The temporary employee reduction would negatively impact customer service by increasing wait times and possibly resulting in long lines at DMV Field Offices around the State.</p> <p>Finally, DMV would eliminate contract employees in the amount of \$240,500. This cut would be detrimental to our services since the agency relies on contract employees for programming revisions to our Phoenix system.</p>
----------------	---

Please provide a detailed summary of service delivery impact caused by a reduction in General Fund Appropriations and provide the method of calculation for anticipated reductions. Agencies should prioritize reduction in expenditures that have the least significant impact on service delivery.

AGENCY COST SAVINGS PLANS	<p>DMV is currently testing a program that allows automobile dealers to submit their transactions electronically instead of visiting our field offices. If successful, this program can reduce the workload on our field offices and avoid the need to increase staff.</p> <p>DMV has established a “Third Party Testing” program with driving schools. Authorized driving schools can now administer driving skills tests that previously required DMV License Examiners to perform. During the previous year, Third Party Testers (driving schools) administered 2,133 commercial vehicle (CDL) driving skills tests (2.5 hours per test) and 23,547 class D (automobile) driving skills tests (35 minutes per test). Combined, Third Party Testers administered a total of 19,068 man-hours of driving skills tests. This equates to nine License Examiners that DMV was able to avoid hiring.</p>
----------------------------------	---

What measures does the agency plan to implement to reduce its costs and operating expenses by more than \$50,000? Provide a summary of the measures taken and the estimated amount of savings. How does the agency plan to repurpose the savings?

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

FORM F – REDUCING COST AND BURDEN TO BUSINESSES AND CITIZENS

TITLE	Legislative Accomplishments and Upcoming Priorities
--------------	--

Provide a brief, descriptive title for this request.

EXPECTED SAVINGS TO BUSINESSES AND CITIZENS	Less burden on our business partners in terms of renewal obligations, more convenient DMV access for the public, and reducing payments of fees and fines.
--	--

What is the expected savings to South Carolina’s businesses and citizens that is generated by this proposal? The savings could be related to time or money.

FACTORS ASSOCIATED WITH THE REQUEST	Mark “X” for all that apply:
	<input checked="" type="checkbox"/> Repeal or revision of regulations.
	<input checked="" type="checkbox"/> Reduction of agency fees or fines to businesses or citizens.
	<input checked="" type="checkbox"/> Greater efficiency in agency services or reduction in compliance burden.
	<input type="checkbox"/> Other

METHOD OF CALCULATION	
------------------------------	--

Describe the method of calculation for determining the expected cost or time savings to businesses or citizens.

REDUCTION OF FEES OR FINES	In FY19, SCDMV collected and distributed to SCDOT \$32,837,322.58 in fees and fines relating to uninsured motorist. SCDMV intends to increase public awareness of the consequences associated with not maintaining automobile insurance, which may ultimately save South Carolina’s businesses and citizens up to \$400 in fees and fines.
-----------------------------------	--

Which fees or fines does the agency intend to reduce? What was the fine or fee revenue for the previous fiscal year? What was the associated program expenditure for the previous fiscal year? What is the enabling authority for the issuance of the fee or fine?

REDUCTION OF REGULATION	The SCDMV intends to seek codification of all three of its regulations after reviewing all provisions within to make sure they reflect industry best practice and are friendly to consumers and business partners. For instance, instead of requiring renewal of third party testing certification annually on June 30, we are looking at requiring it every three years on a rolling basis. This helps businesses reduce paperwork and red tape while allowing the DMV to spread the workload out through less busy times of the year.
--------------------------------	---

Which regulations does the agency intend to amend or delete? What is the enabling authority for the regulation?

AGENCY NAME:	South Carolina Department of Motor Vehicles		
AGENCY CODE:	R400	SECTION:	82

SUMMARY	<p>DMV's Dealer License and Audit Unit is implementing an information portal for customers on the SCDMV website. This portal will give consumers the ability to review a dealers standing with the agency. It will indicate if the dealer has an active, suspended, or revoked license. The portal will also show if there have been any violations and points accessed to the dealership. This information will help the consumer make a more informed decision prior to purchase.</p> <p>The DMV receives proof of insurance information electronically through a system called ALIR. Prior to the electronic submission, a form called "SR-22" was required to be filled out by an insurance company and submitted to the DMV for higher risk drivers to prove they were insured. This practice is outdated and unnecessary thanks to advances in technology (ALIR), and creates excess work for insurance companies and an additional cost (\$25 to the insurance company) for consumers. We would like to eliminate the practice of submitting "SR 22."</p> <p>When pursuing curbstoners (those who sell five or more cars per year without a dealer's license) or dealers selling out of trust, the DMV refers cases to SLED as the DMV has no enforcement authority. Other states, such as North Carolina, have enforcement authority within the DMV to lessen the burden on law enforcement. The DMV would like authorization to pursue this efficiency, having in house enforcement authority and pursuing those who violate laws within our purview in a timely manner.</p>
----------------	---

Provide an explanation of the proposal and its positive results on businesses or citizens. How will the request affect agency operations?
